G. **DISCUSSION RE:** South Wheeling Road Drainage Improvements

Village Engineer Jon Tack began the discussion and introduced Tony Wolf of Ciorba Group who presented the engineering study.

President Argiris asked if we had the funds to do this project. Public Works Director Mark Janeck stated that they would like to get the project going now by installing a 48" or 66" pipe (without raising the road) and see what happens. He is confident this will solve most, if not all, of the problems.

Village Manager Jon Sfondilis noted that the Stormwater Utility Fund may be a funding source for this project.

President Argiris stated that addressing this problem would be a good thing in the eyes of FEMA.

Mr. Wolf answered question from the Board.

Trustee Brady voiced that he wants to see the project "done right the first time" and inquired about North Wheeling Road flooding. Director Janeck noted the replacement of pipe on that section of road last year.

Trustee Krueger asked that staff search for any eligible grants for this project in 2017.

President Argiris asked Jon Tack if it's in our best interest to look at the possibility of a "100 year event" vs. a "10 year event" related to which option to consider for this project.

President Argiris asked for a Consensus to move forward with Improvement Option #5 of the cost comparison from Ciorba Group.

On the roll call the vote was:

YES: 7 – Trustees Vito, Papantos, Lang, Brady, Krueger, Vogel, & President Argiris
NO: 0
ABSENT: 0

There being seven affirmative votes, direction was approved.

Manager Sfondilis and Director Janeck explained how the process moves forward including pursuing grant opportunities.

MEMORANDUM

TO: Jon A. Sfondilis, Village Manager

FROM: Luca Ursan, Director of Information Technology

DATE: December 29, 2016

SUBJECT: Renewal of contract with Municipal GIS Partners

EXECUTIVE SUMMARY

Annual Renewal of contract with Municipal GIS Partners for GIS (Geographic Information System) related professional staffing services.

This is a renewal of the annual contract with Municipal GIS Partners for GIS support services. In January 2008, the Village of Wheeling joined the GIS Consortium and started the process to implement a Geographic Information System (GIS). The GIS has proven to be a very wise investment for the Village. The digital mapping information is a tremendous tool used daily by Village staff and the residents and businesses of Wheeling through the Village's website tool, called MapOffice. Municipal GIS Partners is the GIS Consortium's selected service provider. As a member of the GIS Consortium, made up of 32 municipalities, Wheeling needs to comply with the Consortium's vendor selection. The GIS Consortium board performs a service provider evaluation every three years, and a Request For Proposal (RFP) process takes place prior to a vendor selection. Municipal GIS Partners has been the service provider for the GIS Consortium since 1990 and has been re-selected numerous times during this period as the best vendor for these services. The Village staff is in full agreement with the GIS Consortium's guidelines and vendor selection, and therefore recommends that the Village approve the renewal of this contract and supplemental statement of work.

The 2017 approved budget includes funding to support the Geographic Information System (GIS) as part of the Village of Wheeling's ongoing GIS Consortium initiative, of which $135,991.40 will be used for professional GIS support services provided by Municipal GIS Partners. Please include the attached resolution on the agenda for the next Village Board meeting.

If you have questions or concerns regarding this matter, please let me know.

GIS CONSORTIUM SERVICE PROVIDER CONTRACT

This contract (this "***Contract***") made and entered into this 1st day of January, 2015 (the "***Effective Date***"), by and between the Village of Wheeling, an Illinois municipal corporation (hereinafter referred to as the "***Municipality***"), and Municipal GIS Partners, Incorporated, 701 Lee Street, Suite 1020, Des Plaines, Illinois 60016 (hereinafter referred to as the "***Consultant***").

WHEREAS, the Municipality is a member of the Geographic Information System Consortium ("***GISC***");

WHEREAS, the Consultant is a designated service provider for the members of GISC and is responsible for providing the necessary professional staffing resource support services as more fully described herein (the "***Services***") in connection with the Municipality's geographical information system ("***GIS***");

WHEREAS, the Municipality desires to engage the Consultant to provide the Services on the terms set forth herein; and

WHEREAS, the Consultant hereby represents itself to be in compliance with Illinois statutes relating to professional registration applicable to individuals performing the Services hereunder and has the necessary expertise and experience to furnish the Services upon the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the foregoing and of the promises hereinafter set forth, it is hereby agreed by and between the Municipality and the Consultant that:

SECTION 1
SCOPE OF SERVICES

1.1 Statement of Work. This Contract contains the basic terms and conditions that will govern the overall relationship between the Consultant and the Municipality. The Consultant will provide the Services described in the statement of work attached hereto as ***Attachment 1*** ("***Statement of Work***"), which shall become a part of and subject to this Contract.

1.2 Supplemental Statements of Work. Any additional services to be performed by the Consultant may be added to this Contract after the Effective Date by the mutual agreement of the parties, which agreement will be evidenced by mutual execution of a Supplemental Statement of Work which shall also be subject to the terms and conditions set forth in this Contract, a form of which is attached hereto as ***Exhibit A***.

1.3 Additional Compensation. If the Consultant wishes to make a claim for additional compensation as a result of action taken by the Municipality, the Consultant shall give written notice of its claim within fifteen (15) days after occurrence of such action. Regardless of the decision of the Municipality Manager relative to a claim submitted by the Consultant, all work required under this Contract as determined by the Municipality Manager shall proceed without interruption.

1.4 Contract Governs. If there is a conflict between the terms of this Contract and the Statement of Work or any Supplemental Statement of Work, unless otherwise specified in such Statement of Work, the terms of this Contract shall supersede the conflicting provisions contained in such Statement of Work.

SECTION 2
PERFORMANCE OF WORK

2.1 All work hereunder shall be performed under the direction of the Village Manager or his designee (hereinafter referred to as the "***Municipality Manager***") in accordance with the terms set forth in this Contract and each relevant Statement of Work.

SECTION 3
RELATIONSHIP OF PARTIES

3.1 Independent Contractor. The Consultant shall at all times be an independent contractor, engaged by the Municipality to perform the Services. Nothing contained herein shall be construed to constitute a partnership, joint venture or agency relationship between the parties.

3.2 Consultant and Employees. Neither the Consultant nor any of its employees shall be considered to be employees of the Municipality for any reason, including but not limited to for purposes of workers' compensation law, Social Security, or any other applicable statute or regulation.

3.3 No Authority to Bind. Unless otherwise agreed to in writing, neither party hereto has the authority to bind the other to any third party or to otherwise act in any way as the representative of the other.

SECTION 4
PAYMENT TO THE CONSULTANT

4.1 Payment Terms. The Municipality agrees to pay the Consultant in accordance with the terms and amounts set forth in the applicable Statement of Work, provided that:

(a) The Consultant shall submit invoices in a format approved by the Municipality.

(b) The Consultant shall maintain records showing actual time devoted to each aspect of the Services performed and cost incurred. The Consultant shall permit the authorized representative of the Municipality to inspect and audit all data and records of the Consultant for work done under this Contract. The Consultant shall make these records available at reasonable times during this Contract period, and for a year after termination of this Contract.

(c) The service rates and projected utilization set forth in the applicable Statement of Work shall adjust each calendar year in accordance with the annual rates approved by the Board of Directors of GISC which shall be reflected in a Supplemental Statement of Work.

(d) Payments to the Consultant shall be made pursuant to the Illinois Local Government Prompt Payment Act (50 ILCS 505/1 et seq.).

4.2 Service Rates. The service rates set forth in the Statement of Work include all applicable federal, state, and local taxes of every kind and nature applicable to the Services as well as all taxes, contributions, and premiums for unemployment insurance, old age or retirement benefits, pensions, annuities, or similar benefits and all costs, royalties and fees arising from the use of, or the incorporation into, the Services, of patented or copyrighted equipment, materials, supplies, tools, appliances, devices, processes, or inventions. All claim or right to claim additional compensation by reason of the payment of any such tax, contribution, premium, costs, royalties, or fees is hereby waived and released by Consultant.

SECTION 5
TERM

5.1 Initial Term. Subject to earlier termination pursuant to the terms of this Contract, the initial term of this Contract shall commence on the Effective Date and remain in effect for one (1) year (the "***Initial Term***").

5.2 Renewal Terms. The Initial Term may be extended for successive one (1) year periods or for any other period as mutually agreed to in writing and set forth in a Supplemental Statement of Work executed by both parties (each, a "***Renewal Term***").

SECTION 6
TERMINATION OF CONTRACT

6.1 Voluntary Termination. Notwithstanding any other provision hereof, the Municipality may terminate this Contract during the Initial Term or any Renewal Term, with or without cause, at any time upon thirty (30) days prior written notice to the Consultant. The Consultant may terminate this Contract or additional Statement of Work, with or without cause, at any time upon sixty (60) days prior written notice to the Municipality.

6.2 Termination for Breach. Either party may terminate this Contract upon written notice to the other party following a material breach of a material provision of this Contract by the other party if the breaching party does not cure such breach within ten (10) days of receipt of written notice of such breach from the non-breaching party.

6.3 Payment for Services Rendered. In the event that this Contract is terminated in accordance with this Section 6, the Consultant shall be paid for services actually performed and reimbursable expenses actually incurred.

SECTION 7
CONSULTANT PERSONNEL AND SUBCONTRACTORS

7.1 Adequate Staffing. The Consultant must assign and maintain during the term of this Contract and any renewal thereof, an adequate staff of competent employees, agents, or subcontractors ("***Consultant Personnel***") that is fully equipped, licensed as appropriate and

qualified to perform the Services as required by the Statement of Work or Supplemental Statement of Work.

7.2 Availability of Personnel. The Consultant shall notify the Municipality as soon as practicable prior to terminating the employment of, reassigning, or receiving notice of the resignation of, any Consultant Personnel assigned to provide the Municipality with the Services. The Consultant shall have no claim for damages and shall not bill the Municipality for additional time and materials charges as the result of any portion of the Services which must be duplicated or redone due to such termination or for any delay or extension of the time of performance as a result of any such termination, reassigning, or resignation.

7.3 Use of Subcontractors. The Consultant's use of any subcontractor or subcontract to perform the Services shall not relieve the Consultant of full responsibility and liability for the provision, performance, and completion of the Services as required by this Contract. All Services performed under any subcontract shall be subject to all of the provisions of this Contract in the same manner as if performed by employees of the Consultant. For purposes of this Contract, the term "Consultant" shall be deemed to refer to the Consultant and also to refer to all subcontractors of the Consultant.

7.4 Removal of Personnel and Subcontractors. Municipality may, upon written notice to Consultant, request that any Consultant Personnel be removed or replaced. Consultant shall promptly endeavor to replace such Consultant Personnel and Municipality shall have no claim for damages for a delay or extension of the applicable Statement of Work as a result of any such removal or replacement.

7.5 Non-Solicitation of Consultant Employees. The Municipality agrees that during the term of this Contract and for a period of one (1) year thereafter, it shall not, directly or indirectly, through any other person, firm, corporation or other entity, solicit, induce, encourage or attempt to induce or encourage any employee of the Consultant to terminate his or her employment with the Consultant or to breach any other obligation to the Consultant. The Municipality acknowledges that the aforementioned restrictive covenant contained in this Section is reasonable and properly required for the adequate protection of the Consultant's business.

SECTION 8
ACCOMMODATION OF CONSULTANT PERSONNEL; MUNICIPAL FACILITIES

8.1 Facilities and Equipment. The Municipality shall provide the Consultant with adequate office space, furnishings, hardware, software and connectivity to fulfill the objectives of the GIS program. Facilities and equipment include, but are not limited to, the following:

(a) Office space for the Consultant's Personnel and periodic guests. This space should effectively and securely house all required GIS systems, peripherals and support tools. This space must be available during normal business hours;

(b) Furnishings including adequate desk(s), shelving, and seating for the Consultant's Personnel and periodic guests;

(c) A telephone line and phone to originate and receive outside calls;

(d) A network connection with adequate speed and access to the Internet; and

(e) Hardware, software, peripherals, and network connectivity to perform the program objectives efficiently.

8.2 Backup and Recovery Systems. The Municipality shall be responsible for installing, operating and monitoring the backup and recovery systems for all Municipality GIS assets that permit the Consultant to continue services within a reasonable period of time following a disaster or outage.

8.3 Right of Entry; Limited Access. Consultant's Personnel performing Services shall be permitted to enter upon the Municipality's property in connection with the performance of the Services, subject to those rules established by the Municipality. Consent to enter upon a Municipality's facility given by the Municipality shall not create, nor be deemed to imply, the creation of any additional responsibilities on the part of the Municipality. Consultant's Personnel shall have the right to use only those facilities of the Municipality that are necessary to perform the Services and shall have no right to access any other facilities of the Municipality.

SECTION 9
CONFIDENTIAL INFORMATION; INTELLECTUAL PROPERTY; FOIA

9.1 Municipal Materials. The Consultant acknowledges and agrees that all trademarks, service marks, logos, tradenames and images provided by or on behalf of the Municipality to the Consultant for use in performing the Services and the GIS database (including files created from the database) created by Consultant hereunder (the "***Municipal Materials***") are the sole and exclusive property of the Municipality. The Consultant acknowledges that this Contract is not a license to use the Municipal Materials except as needed to perform the Services hereunder.

9.2 Third-Party Materials. If applicable, to the extent the Consultant has agreed to obtain and/or license Third-Party Materials on behalf of Municipality, the Consultant shall obtain a license for Municipality to use the Third-Party Materials as part of the Services for the purpose specified in the applicable Statement of Work. "***Third-Party Materials***" shall include, but are not limited to, computer software, script or programming code or other materials owned by third parties and/or any software available from third parties, that is licensed by Consultant for the benefit of the Municipality.

9.3 GISC Materials. It is expressly understood that, excluding the Municipal Materials and Third-Party Materials, all members of GISC and the Consultant may use or share in any improvements or modifications incorporated into any computer software (in object code and source code form), script or programming code used or developed by the Consultant in providing Services hereunder (the "***GISC Materials***").

(a) The Consultant herby grants the Municipality a limited, personal, nontransferable, non-exclusive license to use the GISC Materials solely for the purpose of and in connection with the Municipality's GIS. Upon expiration or termination of this Contract, or at

such time the Municipality is no longer a member of GISC or in breach of its obligations hereunder, the Municipality shall not be entitled to or granted a license in future enhancements, improvements or modifications in the GISC Materials. The Municipality may grant a sublicense to a third party that the Municipality engages to maintain or update the GISC Materials in connection with the Municipality's GIS; provided that such third party agrees in writing to be bound by the license restrictions set forth in this Contract.

(b) The Municipality acknowledges that the Consultant is in the business of providing staffing resource support services and that the Consultant shall have the right to provide services and deliverables to third parties that are the same or similar to the services that are to be rendered under this Contract, and to use or otherwise exploit any GISC Materials in providing such services. The Municipality hereby grants to the Consultant, a royalty-free, non-exclusive, irrevocable license throughout the world to publish modify, transfer, translate, deliver, perform, use and dispose of in any manner any portion of the GISC Materials.

9.4 Confidential Information. In the performance of this Contract, the Consultant may have access to or receive certain information in the possession of the Municipality that is not generally known to members of the public ("***Confidential Information***"). The Consultant acknowledges that Confidential Information includes, but is not limited to, proprietary information, copyrighted material, educational records, employee data, financial information, information relating to health records, resident account information, and other information of a personal nature. Consultant shall not use or disclose any Confidential Information without the prior written consent of the Municipality. Consultant will use appropriate administrative, technical and physical safeguards to prevent the improper use or disclosure of any Confidential Information received from or on behalf of the Municipality. Upon the expiration or termination of this Contract, Consultant shall promptly cease using and shall return or destroy (and certify in writing destruction of) all Confidential Information furnished by the Municipality along with all copies thereof in its possession including copies stored in any computer memory or storage medium. The term "Confidential Information" does not include information that (a) is or becomes generally available to the public other than as a result of a breach of this Contract by the Consultant; (b) was in the Consultant's or Consultant Personnel's possession on a non-confidential basis from any source other than the Municipality, which source, to the knowledge of the Consultant, is entitled to disclose such information without breach of any obligation of confidentiality; or (c) is independently developed by the Consultant without the use of or reference to, in whole or in part, any Confidential Information. For avoidance of doubt, it is agreed that the GISC Materials shall not be considered Confidential Information.

9.5 Dissemination of Confidential Information. Unless directed by the Municipality, Consultant shall not disseminate any Confidential Information. If Consultant is presented with a request for documents by any administrative agency or with a subpoena *duces tecum* regarding any Confidential Information which may be in Consultant's possession as a result of Services provided under this Contract, unless prohibited by law, Consultant shall immediately give notice to the Municipality with the understanding that the Municipality shall have the opportunity to contest such process by any means available to it prior to submission of any documents to a court or other third party. Consultant shall not be obligated to withhold delivery of documents beyond the time ordered by a court of law or administrative agency, unless the request for production or subpoena is quashed or withdrawn, or the time to produce is otherwise extended. Consultant

shall cause its personnel, staff and subcontractors, if any, to undertake the same obligations regarding confidentiality and dissemination of information as agreed to by Consultant under this Contract.

9.6 Freedom of Information Act Requests. No less than five (5) business days after the Municipality's Notice to the Consultant of the Municipality's receipt of a request made pursuant to the Illinois Freedom of Information Act (ILCS 140/1 et seq. – herein "FOIA"), the Consultant shall furnish all requested records in the Consultant's possession which are in any manner related to this Contract or the Consultant's performance of the Services, including but not limited to any documentation related to the Municipality and associated therewith. The Consultant shall not apply any costs or charge any fees to the Municipality or any other person, firm or corporation for its procurement and retrieval of such records in the Consultant's possession which are sought to be copied or reviewed in accordance with such FOIA request or requests. The Consultant shall defend, indemnify and hold harmless the Municipality including its several departments and including its officers and employees and shall pay all of the Consultant's Costs associated with such FOIA request or requests including Costs arising from the Consultant's failure or alleged failure to timely furnish such documentation and/or arising from the Consultant's failure or alleged failure otherwise to comply with the FOIA, whether or not associated with the Consultant's and/or the Municipality's defense of any litigation associated therewith. In addition, if the Consultant requests the Municipality to deny the FOIA request or any portion thereof by utilizing one or more of the lawful exemptions provided for in the FOIA, the Consultant shall pay all Costs in connection therewith. As used herein, "in the Consultant's possession" includes documents in the possession of any of the Consultant's officers, agents, employees and/or independent contractors; and "Costs" includes but is not limited to attorneys' fees, witness fees, filing fees and any and all other expenses — whether incurred by the Municipality or the Consultant.

9.7 News Releases. The Consultant may not issue any news releases without prior approval from the Municipality Manager nor will the Consultant make public proposals developed under this Contract without prior written approval from the Municipality Manager.

SECTION 10
LIMITATION OF LIABILITY

10.1 THE REPRESENTATIONS SET FORTH IN THIS CONTRACT ARE EXCLUSIVE AND IN LIEU OF ALL OTHER REPRESENTATIONS AND WARRANTIES, EXPRESS OR IMPLIED, ARISING BY LAW OR OTHERWISE, INCLUDING BUT NOT LIMITED TO ANY FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTIES ARISING FROM TRADE USAGE, COURSE OF DEALING OR COURSE OF PERFORMANCE. UNDER NO CIRCUMSTANCES SHALL EITHER THE CONSULTANT OR THE MUNICIPALITY BE LIABLE TO THE OTHER FOR ANY INDIRECT, CONSEQUENTIAL, SPECIAL OR INCIDENTAL DAMAGES, INCLUDING LOST SALES OR PROFITS, IN CONNECTION WITH THIS CONTRACT, EVEN IF IT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

SECTION 11
CONSULTANT WARRANTY; INDEMNIFICATION; INSURANCE

11.1 Warranty of Services. The Consultant warrants that the Services shall be performed in accordance with industry standards of professional practice, care, and diligence practiced by recognized consulting firms in performing services of a similar nature in existence at the time of the Effective Date. Unless expressly excluded by this Contract, the warranty expressed shall be in addition to any other warranties expressed in this Contract, or expressed or implied by law, which are hereby reserved unto the Municipality.

11.2 Indemnification. The Consultant shall indemnify and save harmless the Municipality and its officers, employees, and agents from and against any and all loss, liability and damages of whatever nature, including Workmen's Compensation claims by Consultant's employees, in any way resulting from or arising out of the negligent actions or omissions of the Consultant, the Consultant's employees and agents.

11.3 Insurance. The Consultant must procure and maintain, for the duration of this Contract, insurance as provided in ***Attachment 2*** to this Contract.

11.4 No Personal Liability No official, director, officer, agent, or employee of any party shall be charged personally or held contractually liable by or to the other party under any term or provision of this Contract or because of its or their execution, approval or attempted execution of this Contract.

SECTION 12
GENERAL PROVISIONS

12.1 No Collusion. The Consultant represents and certifies that the Consultant is not barred from contracting with a unit of state or local government as a result of (i) a delinquency in the payment of any tax administered by the Illinois Department of Revenue unless the Consultant is contesting, in accordance with the procedures established by the appropriate revenue act, its liability for the tax or the amount of the tax, as set forth in Section 11-42.1-1 et seq. of the Illinois Municipal Code, 65 ILCS 5/11-42.1-1 *et seq.*; or (ii) a violation of either Section 33E-3 or Section 33E-4 of Article 33E of the Criminal Code of 1961, 720 ILCS 5/33E-1 et *seq.*

12.2 Sexual Harassment Policy. The Consultant certifies that it has a written sexual harassment policy in full compliance with Section 2-105(A)(4) of the Illinois Human Rights Act, 775 ILCS 5/2-105(A)(4).

12.3 Compliance with Laws and Grants. Consultant shall give all notices, pay all fees, and take all other action that may be necessary to ensure that the Services are provided, performed, and completed in accordance with all required governmental permits, licenses, or other approvals and authorizations that may be required in connection with providing, performing, and completing the Services, and with all applicable statutes, ordinances, rules, and regulations, including without limitation the Fair Labor Standards Act; any statutes regarding qualification to do business; any statutes prohibiting discrimination because of, or requiring affirmative action based on, race, creed, color, national origin, age, sex, or other prohibited

classification, including, without limitation, the Americans with Disabilities Act of 1990, 42 U.S.C. §§ 12101 et seq., and the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. Consultant shall also comply with all conditions of any federal, state, or local grant received by Municipality or Consultant with respect to this Contract or the Services.

12.4 Assignments and Successors. This Contract and each and every portion thereof shall be binding upon the successors and the assigns of the parties hereto; provided, however, that no assignment, delegation or subcontracting shall be made without the prior written consent of the Municipality.

12.5 Severability. The parties intend and agree that, if any paragraph, subparagraph, phrase, clause, or other provision of this Contract, or any portion thereof, shall be held to be void or otherwise unenforceable, all other portions of this Contract shall remain in full force and effect.

12.6 Third Party Beneficiary. No claim as a third party beneficiary under this Contract by any person, firm, or corporation other than the Consultant shall be made or be valid against the Municipality.

12.7 Waiver. No waiver of any provision of this Contract shall be deemed to or constitute a waiver of any other provision of this Contract (whether or not similar) nor shall any such waiver be deemed to or constitute a continuing waiver unless otherwise expressly provided in this Contract.

12.8 Governing Laws. This Contract shall be interpreted according to the internal laws, but not the conflict of laws rules, of the State of Illinois. Venue shall reside in Cook County, Illinois.

12.9 Headings. The headings of the several paragraphs of this Contract are inserted only as a matter of convenience and for reference and in no way are they intended to define, limit, or describe the scope of intent of any provision of this Contract, nor shall they be construed to affect in any manner the terms and provisions hereof or the interpretation or construction thereof.

12.10 Modification or Amendment. This Contract constitutes the entire Contract of the parties on the subject matter hereof and may not be changed, modified, discharged, or extended except by written amendment or Supplemental Statement of Work duly executed by the parties. Each party agrees that no representations or warranties shall be binding upon the other party unless expressed in writing herein or in a duly executed amendment hereof.

12.11 Attachments and Exhibits. Attachments 1 and 2 and Exhibit A are attached hereto, and by this reference incorporated in and made a part of this Contract. In the event of a conflict between any Attachment or Exhibit and the text of this Contract, the text of this Contract shall control. In the event of any conflict or inconsistency between the terms of this Contract and any Supplemental Statement of Work, the terms of the Supplemental Statement of Work will govern and control with respect to the term, projected utilization rates, service rates and scope of services. .

12.12 Rights Cumulative. Unless expressly provided to the contrary in this Contract, each and every one of the rights, remedies, and benefits provided by this Contract shall be cumulative and shall not be exclusive of any other such rights, remedies, and benefits allowed by law.

12.13 Notices. All notices, reports and documents required under this Contract shall be in writing (including prepaid overnight courier, electronic transmission or similar writing) and shall be given to such party at its address or e-mail address set forth below, or at such other address or e-mail address as such party may hereafter specify from time to time. Each such notice shall be effective (i) if given by first class mail or prepaid overnight courier, when received, or (ii) if sent to an e-mail address, upon the sender's receipt of an acknowledgment from the intended recipient (such as by the "return receipt requested" function, as available, return e-mail or other written acknowledgment).

Attachment 1

Statement of Work
to
GIS Consortium Service Provider Contract

1) General Purpose. The Consultant will perform all or part of the Municipality's geographic information system (GIS) management, development, operation, and maintenance. In addition to supporting the existing GIS program, the Consultant will identify opportunities for continued development and enhancement.

The Municipality will be sharing management, development, maintenance expertise and staffing with other municipalities as a member of the Geographic Information System Consortium (GISC). The benefits to the Municipality include, but are not limited to, collective bargaining for rates and services, shared development costs, and joint purchasing and training.

The Consultant is the sole Service Provider for GISC and is responsible for providing the necessary GIS professional resources to support this entity. The Consultant will facilitate and manage resource, cost, and technical innovation sharing among GISC members.

2) Service Types. The Consultant will provide two (2) service types. The intent of this distinction is to track specific types of investment without overburdening general operation of the GIS program. Many of these services will go unnoticed but are required to sustain the GIS program. The Consultant will employ reasonable professional discretion when specific direction is not provided. The two (2) services types are as follows:

A. Services related to the direct management, development, operation, and maintenance of the GIS required to reasonably support the system.

B. Services relating to the investigation, research, and development of new functionality and capability for the GIS Consortium and its members.

3) Services. The Consultant will provide the necessary resources to support the GIS program. The allocation of these resources will be reasonably commensurate with the level of expertise required to fulfill the specific task which includes, but is not limited to, the following:

A. The GIS Specialist provides the daily operation, maintenance, and support of the GIS program for the community. The GIS Specialist is responsible for database development and maintenance, map and product development, user training, help-desk, system support, and program documentation.

B. GIS/RAS (Remote Access Service) Specialist provides the same services as the GIS Specialist utilizing equipment hosted by the Consultant.

C. The GIS Coordinator is responsible for the coordination and operation of the GIS program for the community including planning, forecasting, resource allocation and performance management.

D. The GIS Analyst is responsible for providing technical support to the GIS Specialist including trouble-shooting, special projects, and access to GISC shared applications and extensions. The GIS Analyst also supports the development of GISC projects and programs.

E. The GIS Platform Administrator is responsible for developing, managing, and directing the GISC solutions including the data model, databases and centralized software applications offered by the GISC.

F. The GIS Application Developer is responsible for developing, testing, and supporting software applications developed by the GISC for its members.

G. The GIS Manager is responsible for the overall development and implementation of the GISC program based on the direction and instructions of the GISC Board of Directors.

4) Projected Utilization and Service Rates. The service rates set forth below are based on, among other things, the negotiated annual projected utilization of all GISC members. The Consultant shall negotiate annually with the Board of Directors (the "***Board***") of GISC to adjust the annual projected utilization and service rates for the members of GISC. It is anticipated that the Consultant will submit its proposed annual projected utilization and service rates (the "***Proposal***") to the Board for approval every year on or about July 31st. Upon the Board's approval of the Proposal, the annual projected utilization and service rates shall become binding on the Municipality and incorporated into this Contract by reference, which shall automatically become effective on January 1st and remain in effect for the remainder of such calendar year. The approved annual projected utilization and the service rates will be promptly distributed by the Board or the Consultant to the Municipality. Notwithstanding the foregoing, in the event the Board, for any reason whatsoever (including the Board being disbanded) does not approve the Proposal, the Consultant may submit its proposed annual projected utilization and service rates directly to the Municipality by no later than October 1st, and upon written approval by the Municipality shall become effective on January 1st. Consultant agrees that, each year, the new aggregate annual contract value for the Municipality will not exceed the greater of (i) cost-of-living adjustments based on the CPI[1] measured as of the most recent CPI number available prior to submitting the Proposal, or (ii) 3%. The GISC service and projected utilization rates set forth below are effective as of the Effective Date until December 31st:

A. Projected Utilization

1. 1151 hours of GIS Specialist

[1]For purposes of this Contract, "CPI" shall mean the all items Consumer Price Index for all Urban Consumers in the Chicago-Gary-Kenosha area. In the event that publication or issuance of the Index is discontinued or suspended, the CPI shall be an index published or issued by the United States Department of Labor or any bureau or agency thereof that computes information from substantially the same statistical categories and substantially the same geographic areas as those computed in the CPI and that weights such categories in a substantially similar way to the weighting of the CPI at the Effective Date. The CPI rates, solely for reference purposes, may be accessed at http://www.bls.gov/ro5/cpichi.htm, it being understood that the Consultant makes no representation or warranty that the rates published on such website are accurate.

2. X hours of GIS/RAS Specialist

3. 115 hours of GIS Coordinator

4. 115 hours of GIS Analyst

5. 80 hours of GIS Platform Administrator

6. 80 hours of GIS Application Developer

7. 80 hours of GIS Manager

To GIS Consortium Service Provider Contract

Insurance

Consultant's Insurance

Consultant shall procure and maintain, for the duration of this Contract, insurance against claims for injuries to persons or damages to property, which may arise from or in connection with the performance of the work hereunder by the Consultant, its agents, representatives, employees or subcontractors.

A. Minimum Scope of Insurance: Coverage shall be at least as broad as:

1. Insurance Services Office Commercial General Liability occurrence form CG 0001 with the Municipality named as additional insured, on a form at least as broad as the ISO Additional Insured Endorsement CG 2010 and CG 2026

2. Insurance Service Office Business Auto Liability coverage form number CA 0001, Symbol 01 "Any Auto."

3. Workers' Compensation as required by the Labor Code of the State of Illinois and Employers' Liability insurance.

B. Minimum Limits of Insurance: Consultant shall maintain limits no less than:

1. Commercial General Liability: $1,000,000 combined single limit per occurrence for bodily injury, personal injury and property damage. The general aggregate shall be twice the required occurrence limit. Minimum General Aggregate shall be no less than $2,000,000 or a project/contract specific aggregate of $1,000,000.

2. Business Automobile Liability: $1,000,000 combined single limit per accident for bodily injury and property damage.

3. Workers' Compensation and Employers' Liability: Workers' Compensation coverage with statutory limits and Employers' Liability limits of $500,000 per accident.

C. Deductibles and Self-Insured Retentions: Any deductibles or self-insured retentions must be declared to and approved by the Municipality. At the option of the Municipality, either: the insurer shall reduce or eliminate such deductibles or self-insured retentions as it respects the Municipality, its officials, agents, employees and volunteers; or the Consultant shall procure a bond guaranteeing payment of losses and related investigation, claim administration and defense expenses.

D. Other Insurance Provisions: The policies are to contain, or be endorsed to contain, the following provisions:

1. General Liability and Automobile Liability Coverages: The Municipality, its officials, agents, employees and volunteers are to be covered as insureds as respects: liability arising out of activities performed by or on behalf of the Consultant; products and completed operations of the Consultant; premises owned, leased or used by the Consultant; or automobiles owned, leased, hired or borrowed by the Consultant. The coverage shall contain no special limitations on the scope of protection afforded to the Municipality, its officials, agents, employees and volunteers.

2. The Consultant's insurance coverage shall be primary as respects the Municipality, its officials, agents, employees and volunteers. Any insurance or self-insurance maintained by the Municipality, its officials, agents, employees and volunteers shall be excess of Consultant's insurance and shall not contribute with it.

3. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the Municipality, its officials, agents, employees and volunteers.

4. The Consultant's insurance shall contain a Severability of Interests/Cross Liability clause or language stating that Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

5. If any commercial general liability insurance is being provided under an excess or umbrella liability policy that does not "follow form," then the Consultant shall be required to name the Municipality, its officials, employees, agents and volunteers as additional insureds

6. All general liability coverages shall be provided on an occurrence policy form. Claims-made general liability policies will not be accepted.

7. The Consultant and all subcontractors hereby agree to waive any limitation as to the amount of contribution recoverable against them by the Municipality. This specifically includes any limitation imposed by any state statute, regulation, or case law including any Workers' Compensation Act provision that applies a limitation to the amount recoverable in contribution such as *Kotecki v. Cyclops Welding.*

E. All Coverages: Each insurance policy required by this paragraph shall be endorsed to state that coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits except after thirty (30) days prior written notice by certified mail, return receipt requested, has been given to the Municipality.

F. Acceptability of Insurers: Insurance is to be placed with insurers with a Best's rating of no less than A-, VII and licensed to do business in the State of Illinois.

G. Verification of Coverage: Consultant shall furnish the Municipality with certificates of insurance naming the Municipality, its officials, agents, employees, and volunteers as additional insured's and with original endorsements, affecting coverage required herein. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates and endorsements are to be received and approved by the Municipality before any work commences. The Municipality reserves the right to request full certified copies of the insurance policies and endorsements.

SIXTH AMENDMENT TO THE VILLAGE MANAGER'S EMPLOYMENT AGREEMENT

THIS SIXTH AMENDMENT TO THE VILLAGE MANAGER'S EMPLOYMENT AGREEMENT, is made and entered into this _____ day of January, 2017, by and between the Village of Wheeling, an Illinois municipal corporation (hereinafter called "EMPLOYER" or "Corporate Authorities of the Village"), and Jon A. Sfondilis (hereinafter called "EMPLOYEE"); and

WHEREAS, in 2010 the EMPLOYER and EMPLOYEE entered into an Employment Agreement (hereinafter the "Original Agreement") through which EMPLOYEE became the Village Manager of the Village of Wheeling; and

WHEREAS, Original Agreement has been amended on five occasions to date to reflect annual salary increases and contractual modifications; and

WHEREAS, EMPLOYEE and EMPLOYER desire to further amend the Original Agreement with said amendment effective January 1, 2017; and

WHEREAS, the Original Agreement, as amended, is further amended as follows:

NOW, THEREFORE, IN CONSIDERATION OF the making of mutual covenants and promises set forth in the Agreement, the parties agree as follows:

1. Salary. Section 5 of the Original Agreement, as amended, is hereby modified to increase the base salary stated therein from One Hundred Seventy Six Thousand Two Hundred Eighty Four and 50/100 Dollars ($176,284.50), to One Hundred Eighty Five Thousand and 00/100 Dollars ($185,000.00) with said increase to be effective January 1, 2017.

2. The EMPLOYER agrees to contribute the amount of Five Thousand and 00/100 Dollars ($5,000.00) to a deferred compensation account set up on behalf of the EMPLOYEE. Said contribution shall be made no later than January 15, 2017. The decision on the amount to contribute to the EMPLOYEE's deferred compensation account shall be reevaluated by the EMPLOYER in each contract year.

3. Terms of Original Agreement as Amended. All terms contained in the Original Agreement, as amended, between EMPLOYEE and EMPLOYER not expressly modified by this Fifth Amendment shall remain valid and in full force and effect.

IN WITNESS WHEREOF, the Village of Wheeling, pursuant to the authority granted by the passage of a Resolution by its Board of Trustees, has caused this Sixth Amendment to the Village Manager's Employment Agreement to be executed by the Village President and attested by the Village Clerk and Jon A. Sfondilis on the respective dates set forth below.

SUBJECT: Proposed Purchase of One (1) Ambulance

EXECUTIVE SUMMARY

Proposed purchase of one (1) replacement ambulance at a cost not to exceed $268,518.00 from Foster Coach Sales, Incorporated/Horton Emergency Vehicles. This vehicle is being purchased through a competitive bidding process conducted by the SPC (Suburban Purchasing Cooperative) (i.e. Northwest Municipal Conference) and will be replacing Ambulance 623 (2008 International/Med-Tec).

Ambulance 623 (2008 International/Med-Tec) has reached the end of its useful service life and is in need of replacement. This has been reviewed by Superintendent Charles Spratt of Fleet Services and he is in concurrence. As part of the Fiscal Year 2017 budget discussions, this topic was presented and tentatively approved as part of the Fiscal Year 2017 Capital Equipment Replacement Fund (CERF) planned purchases by the Village Board. In anticipation of this purchase, the Fire Department's Apparatus Committee has worked with Foster Coach Sales, Incorporated of Sterling, Illinois; who is the current awarded bidder through the Suburban Purchasing Cooperative (SPC), in order to develop finalized specifications and definitive pricing for this vehicle. As you may remember, the Village of Wheeling has used the Suburban Purchasing Cooperative (SPC) for competitively purchasing the Village's ambulances for approximately twenty (20) years. The last five (5) Village ambulances were purchased through the same vendor (i.e. Foster Coach Sales, Incorporated.). Unfortunately, the vehicle manufacturer they represented, Med-Tec, has since gone out of business and they are now representing Horton Emergency Vehicles. Horton Emergency Vehicles has been constructing ambulances since 1968 and has a solid reputation regarding quality and value. The two (2) ambulances obtained in 2016 were manufactured by Horton Emergency Vehicles and are identical to the new vehicle being ordered. Therefore, I am once again recommending that we stay with this program, as well as this particular vendor.

While the proposed ambulances outwardly appear to be very similar to all the current units operated by the Wheeling Fire Department, there are several significant changes. These changes include but are not limited to:

- Freightliner M2 Chassis – This is compatible with the new dump/plow chassis in the Public Works Department and is the preferred chassis by Fleet Services. It is also identical to the chassis used on the 2016 ambulances. We are moving away from using a chassis built by International Truck due to reliability issues associated with the engines (i.e. motors).

- Compliance with updated Federal KKK-A-1822F, Change Notice 8, as well as updated Illinois Department of Public Health (IDPH) requirements – These require that the patient cot mounts comply with Federal crash standards, as well as integration of six (6) point harness/seatbelts on the squad bench and CPR seat, and a three (3) point harness/seatbelt on the attendant seat.

- Integration of an airbag crash system in the attendant seating area.

- Independent crash testing certification of the patient/rear module by Horton Emergency Vehicles. The patient compartment complies with all other Federal crash standards.

In addition to several design changes, we are also expediting bringing this matter to the Village Board for review and approval, in order to avoid a three and a half percent (3½%) price increase by Horton Emergency Vehicles effective January 20, 2017; as well as an unknown price increase anticipated by Freightliner for the chassis in early 2017. By proceeding with the purchases now, this will save the Village of Wheeling a minimum of $6,889.54. Additional savings will be realized as a result of prepaying of the vehicle chassis for each vehicle, as well as participation on some items by the Fire Department's Foreign Fire Tax Fund (FFTF).

As proposed, the following is a per vehicle break-down of the costs associated with this project:

- Budget: $295,000.00/vehicle.

- Base Vehicle: $268,518.00/vehicle.

- Adjustments:

    - Foreign Fire Tax Fund (FFTF) Vehicle Ventilation System Upgrade Reimbursement: ~$847.00/vehicle.

  (Village Cost Subtotal: $267,671.00/vehicle)

  Final Village Purchase Cost (i.e. Foster Coach Sales, Incorporated/Horton Emergency Vehicles): $267,671.00/vehicle.

- Additional Expenses:

  Striker Power Pro-XT Stretcher Replacement (upgrade from Striker Performance Pro-XT Stretcher): ~$18,100.26/vehicle.

    - Foreign Fire Tax Fund (FFTF) Upgrade Reimbursement: ~$5,158.89/ stretcher.

  Suburban Purchasing Cooperative (SPC) Administrative Fee: $600.00/vehicle.

  Suburban Accents (i.e. vehicle graphics): $1,500.00/vehicle.

- Final Vehicle Cost Breakdown:

  Base Vehicle Cost (subject to chassis payment discount): $268,518.00/vehicle.

  Stretcher: ~$18,100.26/vehicle.

  Graphics: ~$1,500.00/vehicle.

Suburban Purchasing Cooperative (SPC) Administrative Fee: $600.00/vehicle

- Vehicle Subtotal: $288,718.26/vehicle ($6,281.74 or 2.12% under budget).

Foreign Fire Tax Board (FFTB) Reimbursements (Stretcher and Vehicle Ventilation System Upgrade): ~$6,005.89/vehicle.

- Final Vehicle Total Cost (i.e. Village cost): ~$282,712.37/vehicle (~$12,287.63 or 4.17% under budget).

Based upon favorable past working relations with Foster Coach Sales, Incorporated, the high quality of the product manufactured by Horton Emergency Vehicles, and competitive pricing obtained through the Suburban Purchasing Cooperative (SPC), I am recommending with proceeding with said purchase now, in order to avoid the upcoming price increases. I have attached the necessary resolution awarding a contract to Foster Coach Sales, Incorporated/Horton Emergency Vehicles for the purchase of one (1) Type I ambulances at a cost not to exceed $268,518.00. If this meets with your approval, I would like this forwarded to the Village Board for review and approval at the Village Board meeting on January 3, 2017, in order to take full advantage of current contract pricing.

Finally, the existing ambulance will be approved by the Village Board as “surplus equipment” closer to delivery and placement in service of the new ambulance. At this time, we anticipate delivery of the new ambulance in December 2017.

If you should have any questions, please feel free to contact me at ext. 2665.

MEMORANDUM

TO: Jon A. Sfondilis, Village Manager

FROM: Mark Janeck, Director of Public Works

DATE: December 29, 2016

SUBJECT: Change Order No. 1 & Final to the 2016 Sanitary Sewer Realignment Project

---

EXECUTIVE SUMMARY

Approval of Change Order No. 1 & Final for a $6,022.50 addition to the contract with Glenbrook Excavating & Concrete, Inc. for the 2016 Sanitary Sewer Realignment Project. This Change Order, if approved, will increase the final project amount from $138,995.00 to $144,977.50.

On October 3, 2016, the Village Board approved Resolution 16-112 awarding a $138,995.00 contract to Glenbrook Excavating & Concrete, Inc. for the 2016 Sanitary Sewer Realignment Project. The realignment of this sanitary sewer on 11th Street corrected a prior conflict that occurred during the installation of the elliptical reinforced storm sewer concrete pipe in 2014. The nature of this conflict caused the existing sanitary sewer to be cored into the new elliptical storm sewer, which does not meet the requirements in the manual of practice.

Poor field conditions and unforeseen conflicts with the removal of the sanitary sewer from the elliptical storm sewer pipe resulted in an increase final contract amount. Unsuitable soil conditions in the trench where the new sanitary sewer was located required the removal of a larger-than-expected amount of unsuitable soil, and a corresponding increase in the quantity of porous granular embankment stone needed to replace the unsuitable soil and provide a base for the new infrastructure. Additional excavation was also necessary to remove the sanitary sewer from the reinforced concrete pipe, causing quantity increases with respect to pavement removal, asphalt street paving, topsoil, and sod placement.

Village staff's vigilance concerning contractor work efficiency and costs resulted in reduced quantities of various other pay items and helped reduce the change order amount. This Final Change Order incorporates and serves to document the project's final contract quantities with respect to the original awarded Contract, and establishes the final agreed-upon contract amount.

Staff recommends approval of this resolution authorizing Change Order No. 1 and Final, a $6,022.50 increase to the contract. The final contract amount of $144,977.50 is $6,022.50, or 4.3 percent, above the originally awarded contract amount of $138,995.00.

With your concurrence, please include this item on the January 3, 2017 Board meeting agenda.

RESOLUTION NO. 17-_____

RESOLUTION AUTHORIZING CHANGE ORDER NO. 1 & FINAL TO THE CONSTRUCTION CONTRACT WITH GLENBROOK EXCAVATING & CONCRETE, INC. FOR THE 2016 SANITARY SEWER REALIGNMENT PROJECT

WHEREAS, Resolution No. 16-112 awarded a Contract to Glenbrook Excavating & Concrete, Inc. in the amount of $138,955.00 for the 2016 Sanitary Sewer Realignment Project; and

WHEREAS, unforeseen field conditions, a large amount of unsuitable soil, and a need for additional excavation increased project expenditures, and this Final Change Order incorporates and serves to document the project's final contract quantities with respect to the originally awarded Contract and to establish the final agreed-upon Contract amount; and

WHEREAS, incorporating these changes is determined to be in the best interest of the Village, and in order to close out this 2016 Sanitary Sewer Realignment Project, Change Order No. 1 & Final authorizing a $6,022.50 increase in the Contract amount must be approved; and

WHEREAS, the final Contract amount of $144,977.50 is $6,022.50, or 4.3 percent, above the originally-awarded Contract amount;

NOW, THEREFORE, BE IT RESOLVED by the President and the Board of Trustees of the Village of Wheeling, Counties of Cook and Lake, in the State of Illinois, that Change Order No. 1 & Final to the contract with Glenbrook Excavating & Concrete, Inc. for the 2016 Sanitary Sewer Realignment as attached hereto is hereby approved.

MEMORANDUM

TO: Jon A Sfondilis, Village Manager

FROM: Mark Janeck, Director of Public Works

DATE: December 29, 2016

SUBJECT: Change Order No. 2 & Final – Kanzler Landscape Contractor, Inc.
South Milwaukee Avenue Parcels

EXECUTIVE SUMMARY

Staff requests approval of Change Order No. 2 & final for a $31,594.10 reduction in the contract with Kanzler Landscape Contractor, Inc. for the South Milwaukee Ave Parcels Project. This Change Order, if approved, will reduce the final project amount from $1,166,718.69 to $1,135,124.59.

On July 27, 2015, the Village Board approved Resolution No. 15-80 awarding a contract to Kanzler Landscape Contractor, Inc. in the amount of $866,718.69 for work at the subject site including demolition and grading, construction of building pads, creation of a compensatory storage basin to meet the Village floodplain ordinance requirement of one and one-half times the volume of storage lost due to the fill placed in the floodplain, removal and replacement of curbing along Milwaukee Avenue frontage, installation of underground storm water and sanitary sewer piping, driveway creation, soil stabilization, and seeding.

On September 8, 2015, the Village Board approved Resolution 15-97 approving Change Order 1 in the amount of $300,000, bringing the new contract cost to $1,166,718.69. Change Order 1 was necessary to remove large quantities of unsuitable soil that were discovered on the subject property. Per Village Code, this unsuitable soil is not permitted to be used for compaction in order to create building or parking lot pads.

Village staff worked in collaboration with Soil & Material Consultants and the contractor to evaluate the conditions of the soil on the entire job site. Soil and Material Consultants, Inc. is a consultant whose primary role is to verify that suitable soil is used for compaction and to check for correct compaction levels during the preliminary and final grading. Through the use of carefully placed test holes, it became clear which areas of the site had unsuitable soil and to what depth this soil extended. This testing method allowed the contractor to remove only the areas of questionable soil which were to be replaced with clean compacted clay.

As the unsuitable material was excavated, calculations were performed to monitor the volume of soil that was removed and clay that was consequently placed. This volume was lower than had been anticipated. This, in combination with the constant supervision of Village Engineering staff to reduce costs elsewhere in this project, has led to a reduction of $31,594.10 to the contract.

With your concurrence, please include this item on the January 3rd, 2017 Village Board meeting agenda.

RESOLUTION NO. 17-_____

A RESOLUTION AUTHORIZING CHANGE ORDER NO. 2 & FINAL TO THE CONSTRUCTION CONTRACT WITH KANZLER LANDSCAPE CONTRACTOR, INC. FOR SOUTH MILWAUKEE AVENUE PARCEL IMPROVEMENTS

WHEREAS, TIF Funds are available for the proposed South Milwaukee Avenue Parcel Improvements; and

WHEREAS, on July 27, 2015, Resolution No. 15-80 awarded the contract to Kanzler Landscape Contractor, Inc. of Wauconda, Illinois for the South Milwaukee Avenue Parcel Improvements in the amount of $866,718.69; and

WHEREAS, on September 8, 2015, Resolution No. 15-97 approved Change Order No. 1 in the amount of $300,000 for the removal and replacement of substantial amounts of unsuitable soil material; and

WHEREAS, close scrutiny of construction installation and costs by Public Works inspectors and engineers combined with adjustment to the original Contract scope resulted in reduced project expenditures, and this Final Change Order incorporates and serves to document the project's final contract quantities with respect to the originally awarded Contract and to establish the final agreed-upon Contract amount; and

WHEREAS, incorporating these changes is determined to be in the best interest of the Village, and in order to close out the South Milwaukee Avenue Parcel Improvement Project, Change Order No. 2 & Final authorizing a $31,594.10 decrease in the Contract amount must be approved; and

WHEREAS, the final Contract amount of $1,135,124.59 is $31,594.10, or 2.7 percent, below the awarded Contract amount;

NOW, THEREFORE, BE IT RESOLVED by the President and the Board of Trustees of the Village of Wheeling, Counties of Cook and Lake, State of Illinois, that Change Order No. 2 & Final in the amount of $31,594.10 for the South Milwaukee Avenue Parcel Improvements as attached hereto is hereby approved.

MEMORANDUM

TO: Jon A. Sfondilis, Village Manager

FROM: Mark Janeck, Director of Public Works

DATE: December 29, 2016

SUBJECT: Amendment No. 1 - Local Agency Agreement for the Federal Participation in the Dundee Road / Community Boulevard Project

Staff requests ratification of Amendment No. 1 to the Illinois Department of Transportation (IDOT) Local Agency Agreement for 80% Federal and 20% Local Village of Wheeling participation to fund Phase III Construction and Construction Engineering for the Community Boulevard Project.

On December 21, 2015 Village Board approved an Agreement between the Village of Wheeling and the State of Illinois for federal participation in the Dundee Road / Community Boulevard Project. The agreement called for 80% Federal participation (payment total of $2,265,388) and 20% Village of Wheeling participation (payment total of $566,346) for the total project cost of $2,831,736. The agreement funded the actual roadway construction and the Phase III consultant engineering, construction inspection, and management for this project. The construction involved extensive improvements to the Dundee Road / Community Boulevard intersection, including a new traffic signal, as well as roadway widening of Dundee Road west of Community Boulevard.

During the final phase of construction, it was noticed that the approved agreement did not list the Village of Wheeling as being financially responsible for maintenance and electrical energy of the new traffic signals. IDOT informed Village Engineering Division personnel that in order to proceed with the scheduled activation of the new traffic signals, an amended and executed agreement showing the Village of Wheeling as the responsible party for these expenses was required. After consultation with Public Works personnel and the Village Attorney, the Village Manager executed the amended agreement. Because the work on this project would have ceased and unsafe conditions at the subject intersection would have continued, it was necessary to execute the agreement promptly and have the Village Board ratify its execution at its next regular meeting. Based on other intersections in the Village, it is anticipated that this expense will be approximately $5,000 annually.

With your concurrence, please include this item on the January 3, 2017 Board meeting agenda.

RESOLUTION NO. 17-_____

RESOLUTION RATIFYING THE VILLAGE MANAGER'S EXECUTION OF AMENDMENT NO. 1 TO THE LOCAL AGENCY AGREEMENT APPROVING FEDERAL PARTICIPATION FOR CONSTRUCTION AND PHASE III ENGINEERING WITH THE ILLINOIS DEPARTMENT OF TRANSPORTATION (IDOT) FOR THE DUNDEE ROAD / COMMUNITY BOULEVARD PROJECT

WHEREAS, the Village of Wheeling, Lake and Cook Counties, Illinois (the "Village") is a home rule municipality, pursuant to Article VII, Section 6 of the Constitution of the State of Illinois; and

WHEREAS, the Northwest Municipal Council of Mayors Technical Committee approved the Village's request for a federal Surface Transportation Program (STP) grant to fund construction and Phase III Engineering (construction inspection) of the Community Boulevard Intersection Improvements; and

WHEREAS, the project improved approximately 0.32 miles of state-owned and -maintained Dundee Road (also referred to as IL Route 68 and FAP 343) and Village-owned Community Boulevard, a project listed under Illinois Department of Transportation Section Number 15-00083-00-PV and Job Number C-91-032-16; and

WHEREAS, the federal fund source requires a match of local funds; and

WHEREAS, the use of federal funds requires a joint funding agreement with the Illinois Department of Transportation; and

WHEREAS, on December 21, 2015, Resolution No. 15-135 approved the Agreement for 80% Federal participation of $2,265,388 and 20% Village of Wheeling participation of $566,348 for a total of $2,831,736 to fund construction and Phase III Engineering for the Community Boulevard Project; and

WHEREAS, Section 2.25.150(e) of the Village Code provides that the Village Manager may approve an increase to an existing contract on an emergency basis in lieu of bidding in order to protect the public health, safety, and welfare; and

WHEREAS, the original executed agreement did not list the Village of Wheeling as being financially responsible for maintenance and electrical energy costs of the new traffic signals; and

WHEREAS, it was necessary for the Village Manager to immediately execute the attached Amendment No. 1 as the work on this project would have otherwise ceased; and

WHEREAS, the Board of Trustees of the Village of Wheeling approves the agreements attached hereto and ratifies the Village Manager's execution thereof;

To Regular Agenda

NOW, THEREFORE, BE IT RESOLVED by the President and the Board of Trustees of the Village of Wheeling, Counties of Cook and Lake, State of Illinois, that Amendment No. 1 to the Local Agency Agreement for Federal Participation for Construction and Phase III Engineering is hereby approved, and the Village Manager's execution thereof is hereby ratified.

VILLAGE OF WHEELING ILLINOIS

MEMORANDUM

TO: Jon A. Sfondilis, Village Manager

FROM: James J. Dunne, Chief of Police

DATE: December 28, 2016

SUBJECT: STARCOM21 – Radio Network Purchase

EXECUTIVE SUMMARY

Staff requests Village Board approval of a not-to-exceed contract in the amount $1,273,807.40 ($894,766.36 for equipment and $379,041.05 for a 10-year maintenace agreement to be paid in annual installments beginning in FY2018) for the STARCOM21 Radio Network, which includes replacement of consoles and portable and mobile radios. The Police Department's current radio system is out of date, out of warranty, and operating on an analog frequency. Funds for this purchase will come from the Capital Equipment Replacement Fund, General Fund, and 911 Emergency Telephone System fund. The STARCOM21 radio network will allow the department to utilize an existing 700/800 MHz trunked radio system, and will allow access to the various Illinois mutual aid resources that already exist on the network. These capabilities are unique to the STARCOM21 platform and cannot be obtained from any other vendor. Staff was able to negotiate an additional $110,000 discount for signing the contract prior to year's end, which is why this request is for a ratification of the contract.

The Police Department operates a Communication Center that provides dispatch services to both the Des Plaines and Wheeling Police Departments. The department is responsible for maintaining, upgrading, and operating equipment that is aging (20+ years) and obsolete, which includes a conventional analog communications infrastructure. This involves paying for increasingly expensive leased lines between radio communications sites where costs can increase 20% or more per year. Replacement and maintenance costs for the existing radio sites are additional expenses that must be factored in yearly.

The proposed STARCOM21 radio network is the official statewide public safety radio network of Illinois. STARCOM21 is a Project 25 (P25) compliant 700/800 MHz IP-based communication system with over 270 radio tower sites. Motorola Solutions, Inc. of Schaumburg, IL built and manages this system throughout the state under the governance of a board of system users. Motorola has been awarded a contract through the State of Illinois to offer these products and services.

In transitioning to the Motorola STARCOM21 radio network, police personnel will utilize their existing 700/800 MHz trunked radio network. The STARCOM21 system would allow access to the various Illinois mutual aid resources that already exist on the network. STARCOM21 utilizes infrastructure already built by Motorola for the Illinois State Police, other state agencies, and several other local and county users. If approved, the purchase would include 75 portable radios, four mobile radios, and seven consoles for the dispatch center.

To Regular Agenda

This option is convenient in that there is no significant infrastructure to buy, build, and maintain, and Motorola would be the provider of public safety radio communications services going forward.

By transitioning over to the STARCOM21 radio network, the Village will also:

- Gain interoperability with Northwest Central Dispatch agencies, the Cook County Sheriff, the Lake County Sheriff, and the Illinois State Police, as well as our own Fire Department from one radio.
- Be able to roam out of the Village limits without loss of communication when conducting investigations, pursuing offenders, or transporting prisoners.
- Expand the number of channels available to investigators and other talk groups.
- Increase officer safety with GPS capabilities in newer model radios.
- Take advantage of system redundancy by using the coverage of Cook and Lake County sites in the event of a Wheeling-particular network outage.
- Reduce the need for significant capital investments related to site improvement and equipment upgrades.
- Avoid costs of managing, updating, and monitoring our network; Wheeling will receive 24/7 network support, ten years of hardware/software/network upgrades, and fixed airtime rates.
- Eliminate the escalating costs of copper phone lines that currently connect the dispatch center to our receiver sites.
- Allow for expansion (police or fire) if the opportunity arises.

Ratification:

Staff had planned to make the STARCOM21 purchase in FY2017 for some time now, and had already successfully negotiated a 33–37% discount for the equipment purchase. (The fluctuation is due to final equipment selection of portables, mobiles, and consoles.) This amount brought the costs in line with the Lake County Sheriff's Department, Northbrook, and several other local departments that made the same purchase in FY2016. Understanding that the private sector functions on projections and quotas, staff pushed for a fourth-quarter discount should the Village sign before the end of the year. This resulted in the following:

1. An immediate $110,000 (10.9%) discount on the equipment purchase
2. Captures 2016 pricing that otherwise would have increased in 2017
3. A requirement that the contract be signed by Friday, December 30, 2016
4. Brought the total negotiated savings to approximately 47%

Although the total contract for the project is $1,273,807.40, the Village will only be paying for the equipment costs in FY2017 ($894,766.36). The remaining $379,041.05 is part of a ten-year maintenance agreement that will be paid in ten annual installments beginning in FY2018. These costs will be covered through existing budgeted maintenance line items.

I appreciate your consideration of this matter and am available to answer any questions.

A RESOLUTION RATIFYING A CONTRACT FOR THE VILLAGE OF WHEELING TO PURCHASE THE STARCOM21 RADIO SYSTEMS FROM MOTOROLA, SOLUTIONS, INC.

WHEREAS, the Village's Police Department operates a Communication Center that provides dispatch services to both the Des Plaines and Wheeling Police Departments; and

WHEREAS, the Police Department is responsible for maintaining, upgrading, and operating communications equipment, including a conventional analog communications infrastructure; and

WHEREAS, the current equipment is obsolete; and

WHEREAS, the Police Department staff recommends purchasing portable and mobile radios and dispatch consoles that are compatible with the STARCOM21 system for the purpose of integrating the Village's public safety radio communications into the Network; and

WHEREAS, the STARCOM21 system is currently only available from Motorola Solutions, Inc. ("Vendor"); and

WHEREAS, Pursuant to Chapter 2.25.150(a) of the Wheeling Municipal Code, purchases which may only be made from a single source do not require competitive bidding; and

WHEREAS, Police Department staff believes it is in the Village's best interest to sign a Communications System Agreement, Equipment Purchase Agreement, Software User Agreement, and STARCOM21 User Agreement (collectively, the "***Agreements***") with Motorola Solutions, Inc. to purchase seventy-five portable radios, four mobile radios, and seven dispatch consoles, all of which will be delivered, configured, installed, maintained, repaired, and replaced by the Vendor pursuant to the Agreements; and

WHEREAS, this agreement allows the Village to purchase this equipment for $1,273,807.40, a total that includes $894,766.36 for equipment (portables, mobiles, consoles) and $379,041.04 for a ten-year maintenance agreement which includes maintenance/upgrades, airtime, and connection;

NOW, THEREFORE, BE IT RESOLVED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF WHEELING, COUNTIES OF COOK AND LAKE, STATE OF ILLINOIS, that competitive bidding is waived, the purchase of the STARCOM21 Radio System to include all equipment and maintenance agreements is approved in the amount of $1,273,808.40, and the Village Manager is hereby authorized to issue a purchase order to Motorola, Solutions, Inc.

Exhibit H	Motorola "Standard Managed Zone Core Agreement" (if applicable)
Exhibit I	STARCOM21 User Agreement (one per using agency)

Section 2 DEFINITIONS

Capitalized terms used in this Agreement have the following meanings:

2.1. "Acceptance Tests" means those tests described in the Acceptance Test Plan.

2.2. "Administrative User Credentials" means an account that has total access over the operating system, files, end user accounts and passwords at either the System level or box level. Customer's personnel with access to the Administrative User Credentials may be referred to as the Administrative User.

2.3. "Beneficial Use" means when Customer first uses the System or a Subsystem for operational purposes (excluding training or testing).

2.4. "Confidential Information" means any information that is disclosed in written, graphic, verbal, or machine-recognizable form, and is marked, designated, or identified at the time of disclosure as being confidential or its equivalent; or if the information is in verbal form, it is identified as confidential at the time of disclosure and is confirmed in writing within thirty (30) days of the disclosure. Confidential Information does not include any information that: is or becomes publicly known through no wrongful act of the receiving Party; is already known to the receiving Party without restriction when it is disclosed; is or becomes, rightfully and without breach of this Agreement, in the receiving Party's possession without any obligation restricting disclosure; is independently developed by the receiving Party without breach of this Agreement; or is explicitly approved for release by written authorization of the disclosing Party.

2.5. "Contract Price" means the price for the System, excluding applicable sales or similar taxes and freight charges, and including _10_____ years of System Upgrades ("System Upgrade Plan").

2.6. "Effective Date" means that date upon which the last Party executes this Agreement.

2.7. "Equipment" means the equipment that Customer purchases from Motorola under this Agreement. Equipment that is part of the System is described in the Equipment List.

2.8. "Force Majeure" means an event, circumstance, or act of a third party that is beyond a Party's reasonable control (e.g., an act of God, an act of the public enemy, an act of a government entity, strikes or other labor disturbances, hurricanes, earthquakes, fires, floods, epidemics, embargoes, war, and riots).

2.9. "Infringement Claim" means a third party claim alleging that the Equipment manufactured by Motorola or the Motorola Software directly infringes a United States patent or copyright.

2.10. "Master Contract" means the Agreement between Motorola and the State of Illinois, known as the STARCOM21 Contract, including any and all amendments, revisions or replacements thereof as may now exist or be agreed upon from time to time.

2.11. "Motorola Software" means Software that Motorola or its affiliated company owns.

2.12. "Motorola's Standard Managed Zone Core Agreement" sets forth the terms and conditions for the Customer to access the STARCOM21 Network. (if applicable)

2.13. "Non-Motorola Software" means Software that another party owns.

2.14. "Open Source Software" (also called "freeware" or "shareware") means software that has its underlying source code freely available to evaluate, copy, and modify.

2.15. "Proprietary Rights" means the patents, patent applications, inventions, copyrights, trade secrets, trademarks, trade names, mask works, know-how, and other intellectual property rights in and to the Equipment and Software, including those created or produced by Motorola under this Agreement and any corrections, bug fixes, enhancements, updates or modifications to or derivative works from the Software whether made by Motorola or another party.

2.16. "Software" means the Motorola Software and Non-Motorola Software, in object code format that is furnished with the System or Equipment.

2.17. "Specifications" means the functionality and performance requirements that are described in the Technical and Implementation Documents.

2.18. "Subsystem" means a major part of the System that performs specific functions or operations. Subsystems are described in the Technical and Implementation Documents.

2.19. "System" means the Equipment, Software, and incidental hardware and materials that are combined together into an integrated system; the System is described in the Technical and Implementation Documents.

2.20. "System Acceptance" means the Acceptance Tests have been successfully completed.

2.21. "Warranty Period" means one (1) year from the date of System Acceptance or Beneficial Use, whichever occurs first.

Section 3 SCOPE OF AGREEMENT AND TERM

3.1. SCOPE OF WORK. Motorola will provide, install and test the System, and perform its other contractual responsibilities, all in accordance with this Agreement. Customer will perform its contractual responsibilities in accordance with this Agreement.

3.2. CHANGE ORDERS. Either Party may request changes within the general scope of this Agreement. If a requested change causes an increase or decrease in the cost or time required to perform this Agreement, the Parties will agree to an equitable adjustment of the Contract Price, Performance Schedule, or both, and will reflect the adjustment in a change order. Neither Party is obligated to perform requested changes unless both Parties execute a written change order.

3.3. TERM. Unless terminated in accordance with other provisions of this Agreement or extended by mutual agreement of the Parties, the term of this Agreement begins on the Effective Date and continues until completion of ___10_____ years of System Upgrade Plan. Notwithstanding anything contained herein to the contrary, in the event of a termination of the Master Contract pursuant to the terms thereof of otherwise, this Agreement shall terminate on the same date. In such event, the Customer will be liable to pay Motorola for the portion of the Contract Price attributable to the Equipment and/or Software delivered, and all services performed, on or before the effective date of the termination.

3.4. ADDITIONAL EQUIPMENT OR SOFTWARE. For three (3) years after the Effective Date, Customer may order additional Equipment or Software if it is then available. Each order must refer to this Agreement and must specify the pricing and delivery terms. Notwithstanding any additional or contrary terms in the order, the applicable provisions of this Agreement (except for pricing, delivery, passage of title and risk of loss to Equipment, warranty commencement, and payment terms) will govern the purchase and sale of the additional Equipment or Software. Title and risk of loss to additional Equipment will pass at shipment, warranty will commence upon delivery, and payment is due within twenty (20) days after the invoice date. Motorola will send Customer an invoice as the additional Equipment is shipped or Software is licensed. Alternatively, Customer may register with and place orders through Motorola Online ("MOL"), and this Agreement will be the "Underlying Agreement" for those MOL transactions rather than the MOL On-Line Terms and Conditions of Sale. MOL registration and other information may be found at http://www.motorola.com/businessandgovernment/ and the MOL telephone number is (800) 814-0601.

3.5. SYSTEM UPGRADES. During the __10_____ years of System Upgrade Plan, the applicable provisions of this Agreement (except for passage of title and risk of loss to Equipment, warranty commencement, and Exhibit C) will govern the implementation of the System Upgrades. Title and risk of loss to Equipment will pass at shipment, and warranty will commence upon delivery.

3.6. MAINTENANCE SERVICE. During the Warranty Period, in addition to warranty services, Motorola will provide maintenance services for the Equipment and support for the Motorola Software pursuant to the Statement of Work set forth in Exhibit D. Those services and support are included in the Contract Price. If Customer wishes to purchase additional maintenance and support services for the Equipment during the Warranty Period, or any maintenance and support services for the Equipment after the Warranty Period, the description of and pricing for the services will be set forth in a separate document. If Customer wishes to purchase extended support for the Motorola Software after the Warranty Period, it may do so by ordering software subscription services. Unless otherwise agreed by the parties in writing, the terms and conditions applicable to those maintenance, support or software subscription services will be Motorola's standard Service Terms and Conditions, together with the appropriate statements of work.

3.7. MOTOROLA SOFTWARE. Any Motorola Software, including subsequent releases, is licensed to Customer solely in accordance with the Software License Agreement. Customer hereby accepts and agrees to abide by all of the terms and restrictions of the Software License Agreement.

3.8. NON-MOTOROLA SOFTWARE. Any Non-Motorola Software is licensed to Customer in accordance with the standard license, terms, and restrictions of the copyright owner on the Effective Date unless the copyright owner has granted to Motorola the right to sublicense the Non-Motorola Software pursuant to the Software License Agreement, in which case it applies and the copyright owner will have all of Licensor's rights and protections under the Software License Agreement. Motorola makes no representations or warranties of any kind regarding Non-Motorola Software. Non-Motorola Software may include Open Source Software. All Open Source Software is licensed to Customer in accordance with, and Customer agrees to abide by, the provisions of the standard license of the copyright owner and not the Software License Agreement. Upon request by Customer, Motorola will use commercially reasonable

efforts to determine whether any Open Source Software will be provided under this Agreement; and if so, identify the Open Source Software and provide to Customer a copy of the applicable standard license (or specify where that license may be found); and provide to Customer a copy of the Open Source Software source code if it is publicly available without charge (although a distribution fee or a charge for related services may be applicable).

3.9. SUBSTITUTIONS. At no additional cost to Customer, Motorola may substitute any Equipment, Software, or services to be provided by Motorola, if the substitute meets or exceeds the Specifications and is of equivalent or better quality to the Customer. Any substitution will be reflected in a change order.

3.10. OPTIONAL EQUIPMENT OR SOFTWARE. This paragraph applies only if a "Priced Options" exhibit is shown in Section 1, or if the parties amend this Agreement to add a Priced Options exhibit. During the term of the option as stated in the Priced Options exhibit (or if no term is stated, then for one (1) year after the Effective Date), Customer has the right and option to purchase the equipment, software, and related services that are described in the Priced Options exhibit. Customer may exercise this option by giving written notice to Seller which must designate what equipment, software, and related services Customer is selecting (including quantities, if applicable). To the extent they apply, the terms and conditions of this Agreement will govern the transaction; however, the parties acknowledge that certain provisions must be agreed upon, and they agree to negotiate those in good faith promptly after Customer delivers the option exercise notice. Examples of provisions that may need to be negotiated are: specific lists of deliverables, statements of work, acceptance test plans, delivery and implementation schedules, payment terms, maintenance and support provisions, additions to or modifications of the Software License Agreement, hosting terms, and modifications to the acceptance and warranty provisions.

3.11. CONTINGENCIES. This Agreement is contingent upon the following: Customer securing all FCC and other approvals necessary for the existing Customer frequency licenses to accommodate increased coverage requirements and capacity prior to the Effective Date (if applicable); the STARCOM21 Oversight Committee approving Customer's access to the STARCOM21 Network prior to the Effective Date; Motorola entering into an acceptable site lease with Customer prior to the Effective Date (if applicable); and Motorola entering into a Services Agreement with Customer, subject to mutually acceptable terms and conditions, to address the system management services for STARCOM21 to be performed by Customer (if applicable), subject to approval, if any, of the State of Illinois.

3.12. MOTOROLA'S STANDARD MANAGED ZONE CORE AGREEMENT and the STARCOM21 USER AGREEMENT. The Customer hereby accepts and agrees to execute upon System Acceptance (or Beneficial Use, if Beneficial Use occurs prior to System Acceptance) and abide by all the terms of Motorola's Standard Managed Zone Core Agreement attached hereto as Exhibit H (if applicable) and the STARCOM21 User Agreement attached hereto as Exhibit I.

3.13. MOTOROLA'S SOFTWARE MAINTENANCE AGREEMENT. Reserved.

Section 4 PERFORMANCE SCHEDULE

The Parties will perform their respective responsibilities in accordance with the Performance Schedule. By executing this Agreement, Customer authorizes Motorola to proceed with contract performance. Customer affirms that a purchase order or notice to proceed is not required for subsequent years of service and that Customer will appropriate according to the Payment Schedule. The Customer will pay all invoices as received from Motorola and any changes in scope will be subject to the change order process as described in this Agreement. At the time of execution of this Agreement, the Customer will provide all necessary reference information to include on invoices for payment per this Agreement.

Section 5 CONTRACT PRICE, PAYMENT AND INVOICING

5.1. CONTRACT PRICE. The Contract Price in U.S. dollars is $__1,~~155,929.33~~273,807.4_____. A pricing summary is included with the Payment Schedule in Exhibit B. The System price is $__894,766.36_____ and the __10_____ year System

Upgrade Plan price is $____$~~261,162.97~~379,041.05_____, based on initial System design. Motorola has priced the services, Software, and Equipment as an integrated system. A change in Software or Equipment quantities, or services, may affect the overall Contract Price, including discounts if applicable. Further, at the end of the first year of the Agreement and each year thereafter, a CPI percentage change calculation shall be performed. Should the annual inflation rate increase greater than 5% during the previous year, Motorola shall have the right to increase all future maintenance prices by the CPI increase amount exceeding 5%. The Midwest Region Consumer Price Index (http://www.bls.gov/ro5/cpimid.htm), All items, Not seasonally adjusted shall be used as the measure of CPI for this price adjustment. Measurement will take place once the annual average for the new year has been posted by the Bureau of Labor Statistics.

5.2. INVOICING AND PAYMENT. Motorola will submit invoices to Customer according to the Payment Schedule. Except for a payment that is due on the Effective Date, Customer will make payments to Motorola within twenty (20) days after the date of each invoice. Customer will make payments when due in the form of a wire transfer, check, or cashier's check from a U.S. financial institution. Overdue invoices will bear simple interest at the maximum allowable rate. For reference, the Federal Tax Identification Number for Motorola Solutions, Inc. is 36-1115800.

5.3. FREIGHT, TITLE, AND RISK OF LOSS. Motorola will pre-pay and add all freight charges to the invoices. Title and risk of loss to the Equipment will pass to Customer upon shipment. Title to Software will not pass to Customer at any time. Motorola will pack and ship all Equipment in accordance with good commercial practices.

5.4 INVOICING AND SHIPPING ADDRESSES. Invoices will be sent to the Customer at the following address:

_____

The city which is the ultimate destination where the Equipment will be delivered to Customer is: _____1 Community Blvd, Wheeling, IL 60090_____

The Equipment will be shipped to the Customer at the following address (insert if this information is known):

_____1 Community Blvd, Wheeling, IL 60090_____

_____

Customer may change this information by giving written notice to Motorola.

Section 6 SITES AND SITE CONDITIONS

6.1. ACCESS TO SITES. In addition to its responsibilities described elsewhere in this Agreement, Customer will provide a designated project manager; all necessary construction and building permits, zoning variances, licenses, and any other approvals that are necessary to develop or use the sites and mounting locations; and access to the work sites or vehicles identified in the Technical and Implementation Documents as reasonably requested by Motorola so that it may perform its duties in accordance with the Performance Schedule and Statement of Work. If the Statement of Work so indicates, Motorola may assist Customer in the local building permit process.

6.2. SITE CONDITIONS. Customer will ensure that all work sites it provides will be safe, secure, and in compliance with all applicable industry and OSHA standards. To the extent applicable and unless the Statement of Work states to the contrary, Customer will ensure that these work sites have adequate: physical space; air conditioning and other environmental conditions; adequate and appropriate electrical power outlets, distribution, equipment and connections; and adequate telephone or other communication lines (including modem access and adequate interfacing networking capabilities), all for the installation, use and maintenance of the System. Before installing the Equipment or Software at a work site, Motorola will inspect the work site and advise Customer of any apparent deficiencies or non-conformities with the

requirements of this Section. This Agreement is predicated upon normal soil conditions as defined by the version of E.I.A. standard RS-222 in effect on the Effective Date.

6.3. SITE ISSUES. If a Party determines that the sites identified in the Technical and Implementation Documents are no longer available or desired, or if subsurface, structural, adverse environmental or latent conditions at any site differ from those indicated in the Technical and Implementation Documents, the Parties will promptly investigate the conditions and will select replacement sites or adjust the installation plans and specifications as necessary. If change in sites or adjustment to the installation plans and specifications causes a change in the cost or time to perform, the Parties will equitably amend the Contract Price, Performance Schedule, or both, by a change order.

Section 7 TRAINING

Any training to be provided by Motorola to Customer will be described in the Statement of Work. Customer will notify Motorola immediately if a date change for a scheduled training program is required. If Motorola incurs additional costs because Customer reschedules a training program less than thirty (30) days before its scheduled start date, Motorola may recover these additional costs.

Section 8 SYSTEM ACCEPTANCE

8.1. COMMENCEMENT OF ACCEPTANCE TESTING. Motorola will provide to Customer at least ten (10) days notice before the Acceptance Tests commence. System testing will occur only in accordance with the Acceptance Test Plan.

8.2. SYSTEM ACCEPTANCE. System Acceptance will occur upon successful completion of the Acceptance Tests. Upon System Acceptance, the Parties will memorialize this event by promptly executing a System Acceptance Certificate. If the Acceptance Test Plan includes separate tests for individual Subsystems or phases of the System, acceptance of the individual Subsystem or phase will occur upon the successful completion of the Acceptance Tests for the Subsystem or phase, and the Parties will promptly execute an acceptance certificate for the Subsystem or phase. If Customer believes the System has failed the completed Acceptance Tests, Customer will provide to Motorola a written notice that includes the specific details of the failure. If Customer does not provide to Motorola a failure notice within thirty (30) days after completion of the Acceptance Tests, System Acceptance will be deemed to have occurred as of the completion of the Acceptance Tests. Minor omissions or variances in the System that do not materially impair the operation of the System as a whole will not postpone System Acceptance or Subsystem acceptance, but will be corrected according to a mutually agreed schedule.

8.3. BENEFICIAL USE. Customer acknowledges that Motorola's ability to perform its implementation and testing responsibilities may be impeded if Customer begins using the System before System Acceptance. Therefore, Customer will not commence Beneficial Use before System Acceptance without Motorola's prior written authorization, which will not be unreasonably withheld. Motorola is not responsible for System performance deficiencies that occur during unauthorized Beneficial Use. Upon commencement of Beneficial Use, Customer assumes responsibility for the use and operation of the System.

8.4 FINAL PROJECT ACCEPTANCE. Final Project Acceptance will occur after System Acceptance when all deliverables and other work have been completed. When Final Project Acceptance occurs, the parties will promptly memorialize this final event by so indicating on the System Acceptance Certificate.

Section 9 REPRESENTATIONS AND WARRANTIES

9.1. SYSTEM FUNCTIONALITY. Motorola represents that the System will perform in accordance with the Specifications in all material respects. Upon System Acceptance or Beneficial Use, whichever occurs first, this System functionality representation is fulfilled. Motorola is not responsible for System performance deficiencies that are caused by ancillary equipment not furnished by Motorola which is attached to or used in connection with the System or for reasons or parties beyond Motorola's control, such as natural causes; the construction of a building that adversely affects the microwave path reliability

or radio frequency (RF) coverage; the addition of frequencies at System sites that cause RF interference or intermodulation; or Customer changes to load usage or configuration outside the Specifications.

9.2. EQUIPMENT WARRANTY. During the Warranty Period, Motorola warrants that the Equipment under normal use and service will be free from material defects in materials and workmanship. If System Acceptance is delayed beyond six (6) months after shipment of the Equipment by events or causes within Customer's control, this warranty expires eighteen (18) months after the shipment of the Equipment.

9.3. MOTOROLA SOFTWARE WARRANTY. Unless otherwise stated in the Software License Agreement, during the Warranty Period, Motorola warrants the Motorola Software in accordance with the terms of the Software License Agreement and the provisions of this Section 9 that are applicable to the Motorola Software. If System Acceptance is delayed beyond six (6) months after shipment of the Motorola Software by events or causes within Customer's control, this warranty expires eighteen (18) months after the shipment of the Motorola Software. TO THE EXTENT, IF ANY, THAT THERE IS A SEPARATE LICENSE AGREEMENT PACKAGED WITH, OR PROVIDED ELECTRONICALLY WITH, A PARTICULAR PRODUCT THAT BECOMES EFFECTIVE ON AN ACT OF ACCEPTANCE BY THE END USER, THEN THAT AGREEMENT SUPERCEDES THIS SOFTWARE LICENSE AGREEMENT AS TO THE END USER OF EACH SUCH PRODUCT.

9.4. EXCLUSIONS TO EQUIPMENT AND MOTOROLA SOFTWARE WARRANTIES. These warranties do not apply to: (i) defects or damage resulting from: use of the Equipment or Motorola Software in other than its normal, customary, and authorized manner; accident, liquids, neglect, or acts of God; testing, maintenance, disassembly, repair, installation, alteration, modification, or adjustment not provided or authorized in writing by Motorola; Customer's failure to comply with all applicable industry and OSHA standards; (ii) breakage of or damage to antennas unless caused directly by defects in material or workmanship; (iii) Equipment that has had the serial number removed or made illegible; (iv) batteries (because they carry their own separate limited warranty) or consumables; (v) freight costs to ship Equipment to the repair depot; (vi) scratches or other cosmetic damage to Equipment surfaces that does not affect the operation of the Equipment; and (vii) normal or customary wear and tear.

9.5. WARRANTY CLAIMS. To assert a warranty claim, Customer must notify Motorola in writing of the claim before the expiration of the Warranty Period. Upon receipt of this notice, Motorola will investigate the warranty claim. If this investigation confirms a valid warranty claim, Motorola will (at its option and at no additional charge to Customer) repair the defective Equipment or Motorola Software, replace it with the same or equivalent product, or refund the price of the defective Equipment or Motorola Software. That action will be the full extent of Motorola's liability for the warranty claim. If this investigation indicates the warranty claim is not valid, then Motorola may invoice Customer for responding to the claim on a time and materials basis using Motorola's then current labor rates. Repaired or replaced product is warranted for the balance of the original applicable warranty period. All replaced products or parts will become the property of Motorola.

9.6. ORIGINAL END USER IS COVERED. These express limited warranties are extended by Motorola to the original user purchasing the System for commercial, industrial, or governmental use only, and are not assignable or transferable.

9.7. DISCLAIMER OF OTHER WARRANTIES. THESE WARRANTIES ARE THE COMPLETE WARRANTIES FOR THE EQUIPMENT AND MOTOROLA SOFTWARE PROVIDED UNDER THIS AGREEMENT AND ARE GIVEN IN LIEU OF ALL OTHER WARRANTIES. MOTOROLA DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Section 10 DELAYS

10.1. FORCE MAJEURE. Neither Party will be liable for its non-performance or delayed performance if caused by a Force Majeure. A Party that becomes aware of a Force Majeure that will significantly delay performance will notify the other Party promptly (but in no event later than fifteen days) after it discovers

the Force Majeure. If a Force Majeure occurs, the Parties will execute a change order to extend the Performance Schedule for a time period that is reasonable under the circumstances.

10.2. PERFORMANCE SCHEDULE DELAYS CAUSED BY CUSTOMER. If Customer (including its other contractors) delays the Performance Schedule, it will make the promised payments according to the Payment Schedule as if no delay occurred; and the Parties will execute a change order to extend the Performance Schedule and, if requested, compensate Motorola for all reasonable charges incurred because of the delay. Delay charges may include costs incurred by Motorola or its subcontractors for additional freight, warehousing and handling of Equipment; extension of the warranties; travel; suspending and re-mobilizing the work; additional engineering, project management, and standby time calculated at then current rates; and preparing and implementing an alternative implementation plan.

Section 11 DISPUTES

The Parties will use the following procedure to address any dispute arising under this Agreement (a "Dispute").

11.1. GOVERNING LAW. This Agreement will be governed by and construed in accordance with the laws of the State in which the System is installed.

11.2. NEGOTIATION. Either Party may initiate the Dispute resolution procedures by sending a notice of Dispute ("Notice of Dispute"). The Parties will attempt to resolve the Dispute promptly through good faith negotiations including 1) timely escalation of the Dispute to executives who have authority to settle the Dispute and who are at a higher level of management than the persons with direct responsibility for the matter and 2) direct communication between the executives. If the Dispute has not been resolved within ten (10) days from the Notice of Dispute, the Parties will proceed to mediation.

11.3 MEDIATION. The Parties will choose an independent mediator within thirty (30) days of a notice to mediate from either Party ("Notice of Mediation"). Neither Party may unreasonably withhold consent to the selection of a mediator. If the Parties are unable to agree upon a mediator, either Party may request that American Arbitration Association nominate a mediator. Each Party will bear its own costs of mediation, but the Parties will share the cost of the mediator equally. Each Party will participate in the mediation in good faith and will be represented at the mediation by a business executive with authority to settle the Dispute.

11.4. LITIGATION, VENUE and JURISDICTION. If a Dispute remains unresolved for sixty (60) days after receipt of the Notice of Mediation, either Party may then submit the Dispute to a court of competent jurisdiction in the state in which the System is installed. Each Party irrevocably agrees to submit to the exclusive jurisdiction of the courts in such state over any claim or matter arising under or in connection with this Agreement.

11.5. CONFIDENTIALITY. All communications pursuant to subsections 11.2 and 11.3 will be treated as compromise and settlement negotiations for purposes of applicable rules of evidence and any additional confidentiality protections provided by applicable law. The use of these Dispute resolution procedures will not be construed under the doctrines of laches, waiver or estoppel to affect adversely the rights of either Party.

Section 12 DEFAULT AND TERMINATION

12.1 DEFAULT BY A PARTY. If either Party fails to perform a material obligation under this Agreement, the other Party may consider the non-performing Party to be in default (unless a Force Majeure causes the failure) and may assert a default claim by giving the non-performing Party a written and detailed notice of default. Except for a default by Customer for failing to pay any amount when due under this Agreement which must be cured immediately, the defaulting Party will have thirty (30) days after receipt of the notice of default to either cure the default or, if the default is not curable within thirty (30) days, provide a written cure plan. The defaulting Party will begin implementing the cure plan

immediately after receipt of notice by the other Party that it approves the plan. If Customer is the defaulting Party, Motorola may stop work on the project until it approves the Customer's cure plan.

12.2. FAILURE TO CURE. If a defaulting Party fails to cure the default as provided above in Section 12.1, unless otherwise agreed in writing, the non-defaulting Party may terminate any unfulfilled portion of this Agreement. In the event of termination for default, the defaulting Party will promptly return to the non-defaulting Party any of its Confidential Information. If Customer is the non-defaulting Party, terminates this Agreement as permitted by this Section, and completes the System through a third Party, Customer may as its exclusive remedy recover from Motorola reasonable costs incurred to complete the System to a capability not exceeding that specified in this Agreement less the unpaid portion of the Contract Price. Customer will mitigate damages and provide Motorola with detailed invoices substantiating the charges.

12.3. CONVENIENCE. Customer may terminate this Agreement (in whole or part) at any time. To exercise this right, Customer must provide to Motorola formal written notice at least thirty (30) days in advance of the effective date of the termination. The notice must explicitly state the effective date of the termination and whether the contract termination is in whole or in part, and if in part, which part is being terminated. If Customer exercises this right to terminate for convenience, it will be liable to pay Motorola for (1) the portion of the Contract Price attributable to the Equipment and/or Software delivered, and all services performed, on or before the effective date of the termination; and (2) costs and expenses that Motorola incurs as a result of the termination of the Agreement, including but not limited to costs and expenses associated with cancellation of subcontracts, restocking fees, removal of installation or test equipment, etc. If the portion of the Contract Price and/or the recoverable costs and expenses attributable to the termination of the Agreement are not readily ascertainable, Customer will be liable to pay Motorola for the reasonable value of such Equipment, Software, services, costs and expenses. Notwithstanding the above, Customer shall have no right to terminate this Agreement if Motorola has given Customer a notice of default and such default has not been cured.

12.4. UNEARNED DISCOUNTS. If the Customer terminates this Agreement before the end of the Term, for any reason other than Motorola default, then the Customer will pay to Motorola an early termination fee equal to the discount applied to the last three (3) years of service payments for the original Term. Annual discounts for the Term can be found on the Pricing exhibit.

Section 13 INDEMNIFICATION

13.1. GENERAL INDEMNITY BY MOTOROLA. Motorola will indemnify and hold Customer harmless from any and all liability, expense, judgment, suit, cause of action, or demand for personal injury, death, or direct damage to tangible property which may accrue against Customer to the extent it is caused by the negligence of Motorola, its subcontractors, or their employees or agents, while performing their duties under this Agreement, if Customer gives Motorola prompt, written notice of any the claim or suit. Customer will cooperate with Motorola in its defense or settlement of the claim or suit. This section sets forth the full extent of Motorola's general indemnification of Customer from liabilities that are in any way related to Motorola's performance under this Agreement.

13.2. GENERAL INDEMNITY BY CUSTOMER. Customer will indemnify and hold Motorola harmless from any and all liability, expense, judgment, suit, cause of action, or demand for personal injury, death, or direct damage to tangible property which may accrue against Motorola to the extent it is caused by the negligence of Customer, its other contractors, or their employees or agents, while performing their duties under this Agreement, if Motorola gives Customer prompt, written notice of any the claim or suit. Motorola will cooperate with Customer in its defense or settlement of the claim or suit. This section sets forth the full extent of Customer's general indemnification of Motorola from liabilities that are in any way related to Customer's performance under this Agreement.

13.3. PATENT AND COPYRIGHT INFRINGEMENT.

13.3.1. Motorola will defend at its expense any suit brought against Customer to the extent it is based on a third-party claim alleging that the Equipment manufactured by Motorola or the Motorola Software ("Motorola Product") directly infringes a United States patent or copyright ("Infringement Claim").

Motorola's duties to defend and indemnify are conditioned upon: Customer promptly notifying Motorola in writing of the Infringement Claim; Motorola having sole control of the defense of the suit and all negotiations for its settlement or compromise; and Customer providing to Motorola cooperation and, if requested by Motorola, reasonable assistance in the defense of the Infringement Claim. In addition to Motorola's obligation to defend, and subject to the same conditions, Motorola will pay all damages finally awarded against Customer by a court of competent jurisdiction for an Infringement Claim or agreed to, in writing, by Motorola in settlement of an Infringement Claim.

13.3.2. If an Infringement Claim occurs, or in Motorola's opinion is likely to occur, Motorola may at its option and expense: (a) procure for Customer the right to continue using the Motorola Product; (b) replace or modify the Motorola Product so that it becomes non-infringing while providing functionally equivalent performance; or (c) accept the return of the Motorola Product and grant Customer a credit for the Motorola Product, less a reasonable charge for depreciation. The depreciation amount will be calculated based upon generally accepted accounting standards.

13.3.3. Motorola will have no duty to defend or indemnify for any Infringement Claim that is based upon: (a) the combination of the Motorola Product with any software, apparatus or device not furnished by Motorola; (b) the use of ancillary equipment or software not furnished by Motorola and that is attached to or used in connection with the Motorola Product; (c) Motorola Product designed or manufactured in accordance with Customer's designs, specifications, guidelines or instructions, if the alleged infringement would not have occurred without such designs, specifications, guidelines or instructions; (d) a modification of the Motorola Product by a party other than Motorola; (e) use of the Motorola Product in a manner for which the Motorola Product was not designed or that is inconsistent with the terms of this Agreement; or (f) the failure by Customer to install an enhancement release to the Motorola Software that is intended to correct the claimed infringement. In no event will Motorola's liability resulting from its indemnity obligation to Customer extend in any way to royalties payable on a per use basis or the Customer's revenues, or any royalty basis other than a reasonable royalty based upon revenue derived by Motorola from Customer from sales or license of the infringing Motorola Product.

13.3.4. This Section 13 provides Customer's sole and exclusive remedies and Motorola's entire liability in the event of an Infringement Claim. Customer has no right to recover and Motorola has no obligation to provide any other or further remedies, whether under another provision of this Agreement or any other legal theory or principle, in connection with an Infringement Claim. In addition, the rights and remedies provided in this Section 13 are subject to and limited by the restrictions set forth in Section 14.

Section 14 LIMITATION OF LIABILITY

Except for personal injury or death, Motorola's total liability, whether for breach of contract, warranty, negligence, strict liability in tort, indemnification, or otherwise, will be limited to the direct damages recoverable under law, but not to exceed the price of the Equipment, Software, or services with respect to which losses or damages are claimed. ALTHOUGH THE PARTIES ACKNOWLEDGE THE POSSIBILITY OF SUCH LOSSES OR DAMAGES, THEY AGREE THAT MOTOROLA WILL NOT BE LIABLE FOR ANY COMMERCIAL LOSS; INCONVENIENCE; LOSS OF USE, TIME, DATA, GOOD WILL, REVENUES, PROFITS OR SAVINGS; OR OTHER SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES IN ANY WAY RELATED TO OR ARISING FROM THIS AGREEMENT, THE SALE OR USE OF THE EQUIPMENT OR SOFTWARE, OR THE PERFORMANCE OF SERVICES BY MOTOROLA PURSUANT TO THIS AGREEMENT. This limitation of liability provision survives the expiration or termination of the Agreement and applies notwithstanding any contrary provision. No action for contract breach or otherwise relating to the transactions contemplated by this Agreement may be brought more than one (1) year after the accrual of the cause of action, except for money due upon an open account.

Section 15 CONFIDENTIALITY AND PROPRIETARY RIGHTS

15.1. CONFIDENTIAL INFORMATION. During the term of this Agreement, the parties may provide each other with Confidential Information. Each Party will: maintain the confidentiality of the other Party's Confidential Information and not disclose it to any third party, except as authorized by the disclosing Party in writing or as required by a court of competent jurisdiction; restrict disclosure of the Confidential

Information to its employees who have a "need to know" and not copy or reproduce the Confidential Information; take necessary and appropriate precautions to guard the confidentiality of the Confidential Information, including informing its employees who handle the Confidential Information that it is confidential and is not to be disclosed to others, but these precautions will be at least the same degree of care that the receiving Party applies to its own confidential information and will not be less than reasonable care; and use the Confidential Information only in furtherance of the performance of this Agreement. Confidential Information is and will at all times remain the property of the disclosing Party, and no grant of any proprietary rights in the Confidential Information is given or intended, including any express or implied license, other than the limited right of the recipient to use the Confidential Information in the manner and to the extent permitted by this Agreement.

15.2. PRESERVATION OF MOTOROLA'S PROPRIETARY RIGHTS. Motorola, the third party manufacturer of any Equipment, and the copyright owner of any Non-Motorola Software own and retain all of their respective Proprietary Rights in the Equipment and Software, and nothing in this Agreement is intended to restrict their Proprietary Rights. All intellectual property developed, originated, or prepared by Motorola in connection with providing to Customer the Equipment, Software, or related services remain vested exclusively in Motorola, and this Agreement does not grant to Customer any shared development rights of intellectual property. Except as explicitly provided in the Software License Agreement, Motorola does not grant to Customer, either directly or by implication, estoppel, or otherwise, any right, title or interest in Motorola's Proprietary Rights. Customer will not modify, disassemble, peel components, decompile, otherwise reverse engineer or attempt to reverse engineer, derive source code or create derivative works from, adapt, translate, merge with other software, reproduce, distribute, sublicense, sell or export the Software, or permit or encourage any third party to do so. The preceding sentence does not apply to Open Source Software which is governed by the standard license of the copyright owner.

15.3. This Section 15 shall also apply to Motorola's Standard Managed Zone Core Agreement. (if applicable)

Section 16 GENERAL

16.1. TAXES. The Contract Price does not include any excise, sales, lease, use, property, or other taxes, assessments or duties, all of which will be paid by Customer except as exempt by law. If Motorola is required to pay any of these taxes, Motorola will send an invoice to Customer and Customer will pay to Motorola the amount of the taxes (including any interest and penalties) within twenty (20) days after the date of the invoice. Customer will be solely responsible for reporting the Equipment for personal property tax purposes, and Motorola will be solely responsible for reporting taxes on its income or net worth.

16.2. ASSIGNABILITY AND SUBCONTRACTING. Except as provided herein, neither Party may assign this Agreement or any of its rights or obligations hereunder without the prior written consent of the other Party, which consent will not be unreasonably withheld. Any attempted assignment, delegation, or transfer without the necessary consent will be void. Notwithstanding the foregoing, Motorola may assign this Agreement to any of its affiliates or its right to receive payment without the prior consent of Customer. In addition, in the event Motorola separates one or more of its businesses (each a "Separated Business"), whether by way of a sale, establishment of a joint venture, spin-off or otherwise (each a "Separation Event"), Motorola may, without the prior written consent of the other Party and at no additional cost to Motorola, assign this Agreement such that it will continue to benefit the Separated Business and its affiliates (and Motorola and its affiliates, to the extent applicable) following the Separation Event. Motorola may subcontract any of the work, but subcontracting will not relieve Motorola of its duties under this Agreement.

16.3 WAIVER. Failure or delay by either Party to exercise a right or power under this Agreement will not be a waiver of the right or power. For a waiver of a right or power to be effective, it must be in a writing signed by the waiving Party. An effective waiver of a right or power will not be construed as either a future or continuing waiver of that same right or power, or the waiver of any other right or power.

16.4. SEVERABILITY. If a court of competent jurisdiction renders any part of this Agreement invalid or unenforceable, that part will be severed and the remainder of this Agreement will continue in full force and effect.

16.5. INDEPENDENT CONTRACTORS. Each Party will perform its duties under this Agreement as an independent contractor. The Parties and their personnel will not be considered to be employees or agents of the other Party. Nothing in this Agreement will be interpreted as granting either Party the right or authority to make commitments of any kind for the other. This Agreement will not constitute, create, or be interpreted as a joint venture, partnership or formal business organization of any kind.

16.6. HEADINGS AND SECTION REFERENCES. The section headings in this Agreement are inserted only for convenience and are not to be construed as part of this Agreement or as a limitation of the scope of the particular section to which the heading refers. This Agreement will be fairly interpreted in accordance with its terms and conditions and not for or against either Party.

16.7. ENTIRE AGREEMENT. This Agreement, including all Exhibits, constitutes the entire agreement of the Parties regarding the subject matter of the Agreement and supersedes all previous agreements, proposals, and understandings, whether written or oral, relating to this subject matter. This Agreement may be executed in multiple counterparts, each of which shall be an original and all of which shall constitute one and the same instrument. A facsimile copy or computer image, such as a PDF or tiff image, or a signature shall be treated as and shall have the same effect as an original signature. In addition, a true and correct facsimile copy or computer image of this Agreement shall be treated as and shall have the same effect as an original signed copy of this document. This Agreement may be amended or modified only by a written instrument signed by authorized representatives of both Parties. The preprinted terms and conditions found on any Customer purchase order, acknowledgment or other form will not be considered an amendment or modification of this Agreement, even if a representative of each Party signs that document.

16.8. NOTICES. Notices required under this Agreement to be given by one Party to the other must be in writing and either personally delivered or sent to the address shown below by certified mail, return receipt requested and postage prepaid (or by a recognized courier service, such as Federal Express, UPS, or DHL), or by facsimile with correct answerback received, and will be effective upon receipt:

Motorola Solutions, Inc.	Customer

16.9. COMPLIANCE WITH APPLICABLE LAWS. Each Party will comply with all applicable federal, state, and local laws, regulations and rules concerning the performance of this Agreement or use of the System. Customer will obtain and comply with all Federal Communications Commission ("FCC") licenses and authorizations required for the installation, operation and use of the System before the scheduled installation of the Equipment. Although Motorola might assist Customer in the preparation of its FCC license applications, neither Motorola nor any of its employees is an agent or representative of Customer in FCC or other matters.

16.10. AUTHORITY TO EXECUTE AGREEMENT. Each Party represents that it has obtained all necessary approvals, consents and authorizations to enter into this Agreement and to perform its duties under this Agreement; the person executing this Agreement on its behalf has the authority to do so; upon execution and delivery of this Agreement by the Parties, it is a valid and binding contract, enforceable in accordance with its terms; and the execution, delivery, and performance of this Agreement does not violate any bylaw, charter, regulation, law or any other governing authority of the Party.

16.11. ADMINISTRATOR LEVEL ACCOUNT ACCESS. Motorola will provide Customer with Administrative User Credentials. Customer agrees to only grant Administrative User Credentials to those personnel with the training or experience to correctly use the access. Customer is responsible for

protecting Administrative User Credentials from disclosure and maintaining Credential validity by, among other things, updating passwords when required. Customer may be asked to provide valid Administrative User Credentials when in contact with Motorola System support. Customer understands that changes made as the Administrative User can significantly impact the performance of the System. Customer agrees that it will be solely responsible for any negative impact on the System or its users by any such changes. System issues occurring as a result of changes made by an Administrative User may impact Motorola's ability to perform its obligations under the Agreement or its Maintenance and Support Agreement. In such cases, a revision to the appropriate provisions of the Agreement, including the Statement of Work, may be necessary. To the extent Motorola provides assistance to correct any issues caused by or arising out of the use of or failure to maintain Administrative User Credentials, Motorola will be entitled to bill Customer and Customer will pay Motorola on a time and materials basis for resolving the issue.

16.12. SURVIVAL OF TERMS. The following provisions will survive the expiration or termination of this Agreement for any reason: Section 3.7 (Motorola Software); Section 3.8 (Non-Motorola Software); if any payment obligations exist, Sections 5.1 and 5.2 (Contract Price and Invoicing and Payment); Subsection 9.7 (Disclaimer of Implied Warranties); Section 11 (Disputes); Section 14 (Limitation of Liability); and Section 15 (Confidentiality and Proprietary Rights); and all of the General provisions in Section 16.

The Parties hereby enter into this Agreement as of the Effective Date.

Exhibit A

SOFTWARE LICENSE AGREEMENT

This Exhibit A Software License Agreement ("Agreement") is between Motorola Solutions, Inc., ("Motorola"), and ___Village of Wheeling_____ ("Licensee").

For good and valuable consideration, the parties agree as follows:

Section 1 DEFINITIONS

1.1 "Designated Products" means products provided by Motorola to Licensee with which or for which the Software and Documentation is licensed for use.

1.2 "Documentation" means product and software documentation that specifies technical and performance features and capabilities, and the user, operation and training manuals for the Software (including all physical or electronic media upon which such information is provided).

1.3 "Open Source Software" means software with either freely obtainable source code, license for modification, or permission for free distribution.

1.4 "Open Source Software License" means the terms or conditions under which the Open Source Software is licensed.

1.5 "Primary Agreement" means the agreement to which this exhibit is attached.

1.6 "Security Vulnerability" means a flaw or weakness in system security procedures, design, implementation, or internal controls that could be exercised (accidentally triggered or intentionally exploited) and result in a security breach such that data is compromised, manipulated or stolen or the system damaged.

1.7 "Software" (i) means proprietary software in object code format, and adaptations, translations, de-compilations, disassemblies, emulations, or derivative works of such software; (ii) means any modifications, enhancements, new versions and new releases of the software provided by Motorola; and (iii) may contain one or more items of software owned by a third party supplier. The term "Software" does not include any third party software provided under separate license or third party software not licensable under the terms of this Agreement.

Section 2 SCOPE

Motorola and Licensee enter into this Agreement in connection with Motorola's delivery of certain proprietary Software or products containing embedded or pre-loaded proprietary Software, or both. This Agreement contains the terms and conditions of the license Motorola is providing to Licensee, and Licensee's use of the Software and Documentation.

Section 3 GRANT OF LICENSE

3.1. Subject to the provisions of this Agreement and the payment of applicable license fees, Motorola grants to Licensee a personal, limited, non-transferable (except as permitted in Section 7) and non-exclusive license under Motorola's copyrights and Confidential Information (as defined in the Primary Agreement) embodied in the Software to use the Software, in object code form, and the Documentation solely in connection with Licensee's use of the Designated Products. This Agreement does not grant any rights to source code.

3.2. If the Software licensed under this Agreement contains or is derived from Open Source Software, the terms and conditions governing the use of such Open Source Software are in the Open Source Software Licenses of the copyright owner and not this Agreement. If there is a conflict between the terms and conditions of this Agreement and the terms and conditions of the Open Source Software Licenses governing Licensee's use of the Open Source Software, the terms and conditions of the license grant of the applicable Open Source Software Licenses will take precedence over the license grants in this Agreement. If requested by Licensee, Motorola will use commercially reasonable efforts to: (i) determine whether any Open Source Software is provided under this Agreement; (ii) identify the Open Source Software and provide Licensee a copy of the applicable Open Source Software License (or specify where that license may be found); and, (iii) provide Licensee a copy of the Open Source Software source code, without charge, if it is publicly available (although distribution fees may be applicable).

Section 4 LIMITATIONS ON USE

4.1. Licensee may use the Software only for Licensee's internal business purposes and only in accordance with the Documentation. Any other use of the Software is strictly prohibited. Without limiting the general nature of these restrictions, Licensee will not make the Software available for use by third parties on a "time sharing," "application service provider," or "service bureau" basis or for any other similar commercial rental or sharing arrangement.

4.2. Licensee will not, and will not allow or enable any third party to: (i) reverse engineer, disassemble, peel components, decompile, reprogram or otherwise reduce the Software or any portion to a human perceptible form or otherwise attempt to recreate the source code; (ii) modify, adapt, create derivative works of, or merge the Software; (iii) copy, reproduce, distribute, lend, or lease the Software or Documentation to any third party, grant any sublicense or other rights in the Software or Documentation to any third party, or take any action that would cause the Software or Documentation to be placed in the public domain; (iv) remove, or in any way alter or obscure, any copyright notice or other notice of Motorola's proprietary rights; (v) provide, copy, transmit, disclose, divulge or make the Software or Documentation available to, or permit the use of the Software by any third party or on any machine except as expressly authorized by this Agreement; or (vi) use, or permit the use of, the Software in a manner that would result in the production of a copy of the Software solely by activating a machine containing the Software. Licensee may make one copy of Software to be used solely for archival, back-up, or disaster recovery purposes; *provided* that Licensee may not operate that copy of the Software at the same time as the original Software is being operated. Licensee may make as many copies of the Documentation as it may reasonably require for the internal use of the Software.

4.3. Unless otherwise authorized by Motorola in writing, Licensee will not, and will not enable or allow any third party to: (i) install a licensed copy of the Software on more than one unit of a Designated Product; or (ii) copy onto or transfer Software installed in one unit of a Designated Product onto one other device. Licensee may temporarily transfer Software installed on a Designated Product to another device if the Designated Product is inoperable or malfunctioning, if Licensee provides written notice to Motorola of the temporary transfer and identifies the device on which the Software is transferred. Temporary transfer of the Software to another device must be discontinued when the original Designated Product is returned to operation and the Software must be removed from the other device. Licensee must provide prompt written notice to Motorola at the time temporary transfer is discontinued.

4.4. When using Motorola's Radio Service Software ("RSS"), Licensee must purchase a separate license for each location at which Licensee uses RSS. Licensee's use of RSS at a licensed location does not entitle Licensee to use or access RSS remotely. Licensee may make one copy of RSS for each licensed location. Licensee shall provide Motorola with a list of all locations at which Licensee uses or intends to use RSS upon Motorola's request.

4.5. Licensee will maintain, during the term of this Agreement and for a period of two years thereafter, accurate records relating to this license grant to verify compliance with this Agreement. Motorola or an independent third party ("Auditor") may inspect Licensee's premises, books and records, upon reasonable prior notice to Licensee, during Licensee's normal business hours and subject to Licensee's facility and security regulations. Motorola is responsible for the payment of all expenses and costs of the Auditor.

Any information obtained by Motorola and the Auditor will be kept in strict confidence by Motorola and the Auditor and used solely for the purpose of verifying Licensee's compliance with the terms of this Agreement.

Section 5 OWNERSHIP AND TITLE

Motorola, its licensors, and its suppliers retain all of their proprietary rights in any form in and to the Software and Documentation, including, but not limited to, all rights in patents, patent applications, inventions, copyrights, trademarks, trade secrets, trade names, and other proprietary rights in or relating to the Software and Documentation (including any corrections, bug fixes, enhancements, updates, modifications, adaptations, translations, de-compilations, disassemblies, emulations to or derivative works from the Software or Documentation, whether made by Motorola or another party, or any improvements that result from Motorola's processes or, provision of information services). No rights are granted to Licensee under this Agreement by implication, estoppel or otherwise, except for those rights which are expressly granted to Licensee in this Agreement. All intellectual property developed, originated, or prepared by Motorola in connection with providing the Software, Designated Products, Documentation or related services, remains vested exclusively in Motorola, and Licensee will not have any shared development or other intellectual property rights.

Section 6 LIMITED WARRANTY; DISCLAIMER OF WARRANTY

6.1. The commencement date and the term of the Software warranty will be a period of ninety (90) days from Motorola's shipment of the Software (the "Warranty Period"). If Licensee is not in breach of any of its obligations under this Agreement, Motorola warrants that the unmodified Software, when used properly and in accordance with the Documentation and this Agreement, will be free from a reproducible defect that eliminates the functionality or successful operation of a feature critical to the primary functionality or successful operation of the Software. Whether a defect occurs will be determined by Motorola solely with reference to the Documentation. Motorola does not warrant that Licensee's use of the Software or the Designated Products will be uninterrupted, error-free, completely free of Security Vulnerabilities, or that the Software or the Designated Products will meet Licensee's particular requirements. Motorola makes no representations or warranties with respect to any third party software included in the Software.

6.2 Motorola's sole obligation to Licensee and Licensee's exclusive remedy under this warranty is to use reasonable efforts to remedy any material Software defect covered by this warranty. These efforts will involve either replacing the media or attempting to correct significant, demonstrable program or documentation errors or Security Vulnerabilities. If Motorola cannot correct the defect within a reasonable time, then at Motorola's option, Motorola will replace the defective Software with functionally-equivalent Software, license to Licensee substitute Software which will accomplish the same objective, or terminate the license and refund the Licensee's paid license fee.

6.3. Warranty claims are described in the Primary Agreement.

6.4. The express warranties set forth in this Section 6 are in lieu of, and Motorola disclaims, any and all other warranties (express or implied, oral or written) with respect to the Software or Documentation, including, without limitation, any and all implied warranties of condition, title, non-infringement, merchantability, or fitness for a particular purpose or use by Licensee (whether or not Motorola knows, has reason to know, has been advised, or is otherwise aware of any such purpose or use), whether arising by law, by reason of custom or usage of trade, or by course of dealing. In addition, Motorola disclaims any warranty to any person other than Licensee with respect to the Software or Documentation.

Section 7 TRANSFERS

Licensee will not transfer the Software or Documentation to any third party without Motorola's prior written consent. Motorola's consent may be withheld at its discretion and may be conditioned upon transferee paying all applicable license fees and agreeing to be bound by this Agreement. If the Designated Products are Motorola's radio products and Licensee transfers ownership of the Motorola radio products

to a third party, Licensee may assign its right to use the Software (other than RSS and Motorola's FLASHport® software) which is embedded in or furnished for use with the radio products and the related Documentation; *provided* that Licensee transfers all copies of the Software and Documentation to the transferee, and Licensee and the transferee sign a transfer form to be provided by Motorola upon request, obligating the transferee to be bound by this Agreement.

Section 8 TERM AND TERMINATION

8.1 Licensee's right to use the Software and Documentation will begin when the Primary Agreement is signed by both parties and will continue for the life of the Designated Products with which or for which the Software and Documentation have been provided by Motorola, unless Licensee breaches this Agreement, in which case this Agreement and Licensee's right to use the Software and Documentation may be terminated immediately upon notice by Motorola.

8.2 Within thirty (30) days after termination of this Agreement, Licensee must certify in writing to Motorola that all copies of the Software have been removed or deleted from the Designated Products and that all copies of the Software and Documentation have been returned to Motorola or destroyed by Licensee and are no longer in use by Licensee.

8.3 Licensee acknowledges that Motorola made a considerable investment of resources in the development, marketing, and distribution of the Software and Documentation and that Licensee's breach of this Agreement will result in irreparable harm to Motorola for which monetary damages would be inadequate. If Licensee breaches this Agreement, Motorola may terminate this Agreement and be entitled to all available remedies at law or in equity (including immediate injunctive relief and repossession of all non-embedded Software and associated Documentation unless Licensee is a Federal agency of the United States Government).

Section 9 UNITED STATES GOVERNMENT LICENSING PROVISIONS

This Section applies if Licensee is the United States Government or a United States Government agency. Licensee's use, duplication or disclosure of the Software and Documentation under Motorola's copyrights or trade secret rights is subject to the restrictions set forth in subparagraphs (c)(1) and (2) of the Commercial Computer Software-Restricted Rights clause at FAR 52.227-19 (JUNE 1987), if applicable, unless they are being provided to the Department of Defense. If the Software and Documentation are being provided to the Department of Defense, Licensee's use, duplication, or disclosure of the Software and Documentation is subject to the restricted rights set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 (OCT 1988), if applicable. The Software and Documentation may or may not include a Restricted Rights notice, or other notice referring to this Agreement. The provisions of this Agreement will continue to apply, but only to the extent that they are consistent with the rights provided to the Licensee under the provisions of the FAR or DFARS mentioned above, as applicable to the particular procuring agency and procurement transaction.

Section 10 CONFIDENTIALITY

Licensee acknowledges that the Software and Documentation contain Motorola's valuable proprietary and Confidential Information and are Motorola's trade secrets, and that the provisions in the Primary Agreement concerning Confidential Information apply.

Section 11 LIMITATION OF LIABILITY

The Limitation of Liability provision is described in the Primary Agreement.

Section 12 NOTICES

Notices are described in the Primary Agreement.

Section 13 GENERAL

13.1. COPYRIGHT NOTICES. The existence of a copyright notice on the Software will not be construed as an admission or presumption of publication of the Software or public disclosure of any trade secrets associated with the Software.

13.2. COMPLIANCE WITH LAWS. Licensee acknowledges that the Software is subject to the laws and regulations of the United States and Licensee will comply with all applicable laws and regulations, including export laws and regulations of the United States. Licensee will not, without the prior authorization of Motorola and the appropriate governmental authority of the United States, in any form export or re-export, sell or resell, ship or reship, or divert, through direct or indirect means, any item or technical data or direct or indirect products sold or otherwise furnished to any person within any territory for which the United States Government or any of its agencies at the time of the action, requires an export license or other governmental approval. Violation of this provision is a material breach of this Agreement.

13.3. ASSIGNMENTS AND SUBCONTRACTING. Motorola may assign its rights or subcontract its obligations under this Agreement, or encumber or sell its rights in any Software, without prior notice to or consent of Licensee.

13.4. GOVERNING LAW. This Agreement is governed by the laws of the United States to the extent that they apply and otherwise by the internal substantive laws of the State to which the Software is shipped if Licensee is a sovereign government entity, or the internal substantive laws of the State of Illinois if Licensee is not a sovereign government entity. The terms of the U.N. Convention on Contracts for the International Sale of Goods do not apply. In the event that the Uniform Computer Information Transaction Act, any version of this Act, or a substantially similar law (collectively "UCITA") becomes applicable to a party's performance under this Agreement, UCITA does not govern any aspect of this Agreement or any license granted under this Agreement, or any of the parties' rights or obligations under this Agreement. The governing law will be that in effect prior to the applicability of UCITA.

13.5. THIRD PARTY BENEFICIARIES. This Agreement is entered into solely for the benefit of Motorola and Licensee. No third party has the right to make any claim or assert any right under this Agreement, and no third party is deemed a beneficiary of this Agreement. Notwithstanding the foregoing, any licensor or supplier of third party software included in the Software will be a direct and intended third party beneficiary of this Agreement.

13.6. SURVIVAL. Sections 4, 5, 6.4, 7, 8, 9, 10, 11 and 13 survive the termination of this Agreement.

13.7. ORDER OF PRECEDENCE. In the event of inconsistencies between this Exhibit and the Primary Agreement, the parties agree that this Exhibit prevails, only with respect to the specific subject matter of this Exhibit, and not the Primary Agreement or any other exhibit as it applies to any other subject matter.

13.8 SECURITY. Motorola uses reasonable means in the design and writing of its own Software and the acquisition of third party Software to limit Security Vulnerabilities. While no software can be guaranteed to be free from Security Vulnerabilities, if a Security Vulnerability is discovered, Motorola will take the steps set forth in Section 6 of this Agreement.

Payment Schedule

For System Purchase:

Except for a payment that is due on the Effective Date, Customer will make payments to Motorola within twenty (20) days after the date of each invoice. Customer will make payments when due in the form of a check, cashier's check, or wire transfer drawn on a U.S. financial institution and in accordance with the following milestones.

1. 25% of the System Price due upon contract execution;

2. 60% of the System Price due upon shipment of equipment;

3. 5% of the System Price due upon installation of equipment;

4. 5% of the System Price upon system acceptance or start of beneficial use; and

5. 5% of the System Price due upon Final Acceptance.

Motorola reserves the right to make partial shipments of equipment and to request payment upon shipment of such equipment. In addition, Motorola reserves the right to invoice for installations or civil work completed on a site-by-site basis, when applicable.

For System Upgrade Plan (based on initial System design)

Motorola will invoice Customer annually in advance of each year of the plan. Customer will make payments to Motorola within twenty (20) days after the date of each invoice. Customer will make payments when due in the form of a check, cashier's check, or wire transfer drawn on a U.S. financial institution in accordance with the following schedule.
